

CMSNet/QIES Corporate Access Request for LTCHs, IRFs, and Hospices

This form must be completed in order to:

1. **Designate a corporate user** to submit records (assessments) on an LTCH, IRF, or Hospice provider's behalf
2. **Remove access** of a current corporate user to a provider in situations such as termination or turnover

A Corporate User is defined as follows: Represents multiple providers that are all owned by a single corporation. The corporation is responsible for processing submissions for its providers and can also be responsible for retrieving and/or reviewing provider report data from the ASAP submission system and from CASPER Reports. The corporation's providers are not limited to a single state and the corporation may have providers operating in multiple states.

Warning: Security regulations do not allow a user ID to be logged on to multiple sessions simultaneously. Problems may arise if the corporate user ID is used with an automated submission system and accesses multiple servers.

Please complete this form electronically, print, and submit the signed document to the QTSO Help Desk
