

QIES (MDS/PBJ) Third-Party Service Bureau User Request

This form must be completed by a facility in order to:

1. **Designate a third-party service bureau user** to submit assessments and/or staffing information on the facility's behalf
2. **Remove access** of a current third-party service bureau user to the facility in situations such as termination or turnover

A Third-Party Service Bureau is defined as follows: An outside entity contracted by the facility or a corporation to provide services. The entity is typically contracted to process submissions, but may also be contracted to retrieve and/or review report data for facilities. The entity is not limited to contracting with facilities in a single state and may provide services for facilities in multiple states.

Warning: Security regulations do not allow a user ID to be logged on to multiple sessions simultaneously. Problems may arise if the third-party service bureau user ID is used with an automated submission system and accesses multiple servers.

NOTE: For a state license-only facility, please provide the Facility ID used for submissions in lieu of the Medicare CCN.

Please complete this form, in its entirety, electronically

Note: In order to e-mail this form, you must first save it as a text file

Instructions for downloading and saving PDF forms are available at www.QTSO.com
