

QTSO MEMORANDUM

MEMO

NUMBER: 2023-001

TO: QIES State Coordinators

CC: CMS Central and Regional Office Contacts

FROM: Greg Goetzel, QIES Technical Support Office

DATE: 1/10/2023

SUBJECT: ASPEN ePOC Updates

ASPEN ePOC will be updated on Saturday, January 21, 2023. Changes will be in effect for State and CMS staff by the start of business on Monday, January 23.

Included in This Release

The ASPEN ePOC changes include:

- All emails sent from ASPEN products will now have the time zone set on the date the email was sent. This makes it easier for email clients, like Outlook, to display the time correctly in different time zones.
- The *No ePOC Users for ePOC Facility* email will now exclude closed facilities from the list, regardless of their ePOC Activation status.

Activation

The QIES team will make needed updates directly in the database so no action is required by state agency or regional office users for this release.
