Pulse Secure Installation Guide

INSTALL PULSE SECURE

1. Login as an **ADMINISTRATIVE USER** (Ability to install and uninstall programs on your PC. Normally your IT Dept.)

   Note: Power user and elevated users **do not** work most of the time.

2. COPY / PASTE one of the following websites into a web browser of your choice. One link is for west and one for east.

   Note: The Installer will automatically download when you enter the link in a browser.

   https://qies-west.cms.gov/dana-na/jam/getComponent.cgi?command=get;component=PulseSecure;platform=x64

   Note: Facilities in States WEST of the Mississippi River will use this link.

   OR

   https://qies-east.cms.gov/dana-na/jam/getComponent.cgi?command=get;component=PulseSecure;platform=x64

   Note: Facilities in States EAST of the Mississippi River will use this link.

CONFIGURING PULSE SECURE

1. Launch Pulse Secure using the Start menu or Desktop Icon

   The Pulse Secure Connect to CMS screen appears.

   Click the PROCEED Button. The Pulse Secure Connections screen appears.

2. On the Pulse Secure Connections screen, click the + button.

The Add Connection screen will appear.

3. On the Add Connection screen, enter the connection information.

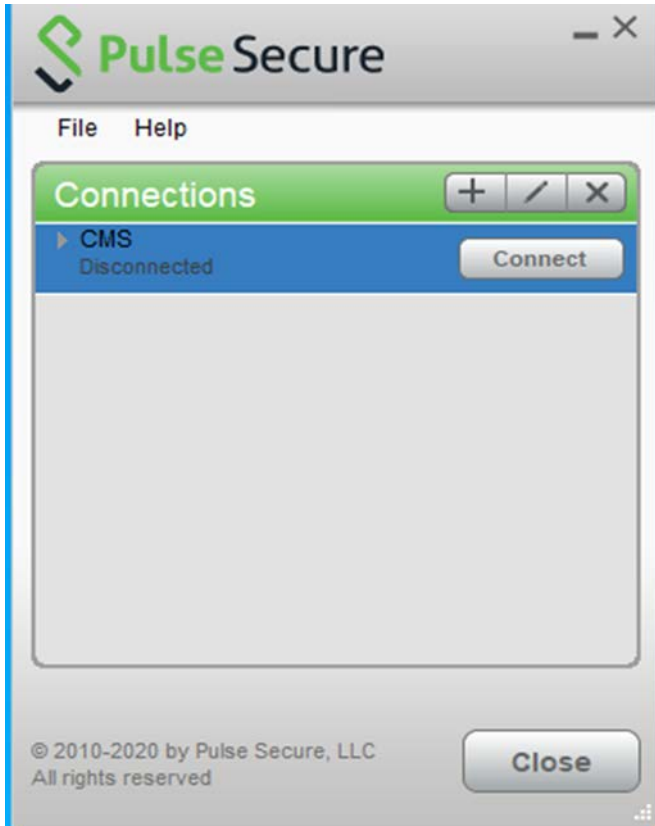

Enter the Connection information

Name: CMS
Server URL: QIES-EAST.CMS.GOV, or
                QIES-WEST.CMS.GOV
Note: Facilities WEST of the Mississippi River will use QIES-WEST.
             Facilities EAST of the Mississippi River will use QIES-EAST

Click the ADD button. The CMS Connection option screen will appear.

4. In the CMS box, click the CONNECT button.

The Connect to: CMS screen will appear.

5. On the Connect to: CMS screen, enter your valid CMSNET ID and Password

Click the CONNECT button.

ACCESSING CMS

1. Open a Web Browser of choice (Google Chrome or Firefox)
2. Enter the appropriate URL
   - **MDS: https://web.qiesnet.org/qiesmds/mds_home.html**
   - **SWB: https://web.qiesnet.org/qiessb/home.html**
   - **For HOSPICE: https://web.qiesnet.org/qieshospc/home.html**
3. Save the site as a bookmark or shortcut if desired.
