Survey and Certification (S&C) Risk-Based Surveys (RBS) User Manual

Version 1.2

October 6, 2026

Table of Contents

1.	Introduction	1
1.1	Getting Started in S&C – Important Information to Know	1
1.2	iQIES Service Center	4
1.3	Roles and Permissions	5
1.4	My Tasks Landing Page	6
2.	Manage a Risk-Based Survey Overview	11
3.	Add a Survey	13
3.1	Add a Health Survey	13
3.2	Off-Hours Survey	17
3.3	Add an LSC Survey	19
3.4	Link a Health Survey and an LSC Survey	21
4.	Delete a Survey	24
5.	Basic Information	27
6.	Responsible Staff	28
7.	Manage Tasks	32
8.	Teams	33
9.	Certification Event	37
9.1	View Certification Progress in My Tasks	37
9.2	View Certification Progress in Survey	39
9.3	View Certification Progress on Provider History Page	40
10.	Surveyor Notes	41
	General Notes	41
	Navigate to Surveyor Notes	41
	Create a Surveyor Note	42
	Custom Toolbar Functions	44
11.	Add Immediate Jeopardy	46

12. Add Residents to Sample List	51
13. Offsite Prep	53
13.1 Navigate to Survey Prep	54
13.2 Facility Information	55
13.3 Review Prior to Visit	56
13.4 Staffing	58
13.5 Active Intakes	60
Intake Notes	62
Allegation Details	63
Intake Details	64
13.6 Additional Notes	68
13.7 Ombudsman	69
13.8 Covered Screening Categories	71
13.9 Team Unit Assignments	72
13.10 Finalize Offsite Prep	73
14. Entrance Conference	74
15. Team Meeting	77
15.1 Team Meeting - Initial Pool Tab	78
15.2 Team Meeting – Investigation Tab	81
16. Resident Manager	83
16.1 Resident Manager Overview	84
16.2 Add a New Resident	88
16.3 Update a Resident	90
16.4 Delete a Resident	92
16.5 Discharge a Resident	94
16.6 Admit a Resident	96
16.7 Multiple Surveyors	97

16.8	Bulk Assign Surveyors	98
17.	Resident Initial Pool Screening	100
17.1	Resident Initial Pool Screening Overview	100
17.2	Care Area Menu	104
17.3	Care Area Notes	106
17.4	Minimum Data Set (MDS) Discrepancy	109
17.5	Surveyor Assignment	110
17.6	Include a Resident in Initial Pool	111
17.7	Resident Interview	113
17.8	Resident Observation	116
17.9	Resident Record Review	117
18.	Finalize Sample	118
19.	Investigation Assignments	122
19.1	Navigate to Investigation Assignments	123
19.2	Assign a Surveyor to an Investigation	125
19.3	Bulk Assign Investigations	126
20.	Facility Tasks	128
20.1	Facility Tasks Overview	128
20.2	Navigate to Facility Tasks	131
20.3	View the Facility Tasks List	132
20.4	Assign a Surveyor to a Facility Task	134
20.5	Remove a Surveyor from a Facility Task	136
20.6	Add a Facility Task	137
20.7	Remove a Facility Task	138
20.8	Open a Facility Task	140

20.9	Facility Task Notes _____	142
	General Notes _____	142
	Navigate to Facility Task Notes _____	142
	Create a Facility Note _____	144
	Custom Toolbar Functions _____	145
20.10	Probes/CE Tab _____	147
20.11	Residents Tab _____	150
20.12	Add Residents to a Task _____	153
20.13	Remove Residents from a Task _____	156
20.14	Use/Instructions Tab _____	158
20.15	Drawing Tool Tab _____	159
20.16	Medication Administration _____	161
	Open Medication Observations Tab in Medication Administration _	162
	Add/Edit a Medication Observation _____	164
	Mark a Medication Observation Complete _____	168
	Delete a Medication Observation _____	169
	Delete a Medication _____	170
	Filter Medication Observations _____	170
	Add Medication Observation Notes _____	171
	Custom Toolbar Functions for Medication Observation Notes ____	172
21.	Investigations _____	175
21.1	Investigations Overview _____	175
21.2	Add New Investigations _____	178
21.3	Remove an Investigation _____	180
21.4	Open an Investigation _____	182

21.5	MDS Information _____	184
	View an MDS Assessment _____	186
	Save/Print a Complete MDS Assessment _____	188
	Save/Print a Single Section of an MDS Assessment _____	192
	Use/Instructions/Probes Tab _____	196
	Critical Elements tab _____	198
	Investigations tab _____	201
	Drawing Tool tab _____	203
	Investigations Residents tab _____	204
21.6	Investigation and Resident Notes _____	205
	General Notes _____	205
	Navigate to Investigation and Resident Notes _____	206
	Create an Investigation or a Resident Note _____	207
	Custom Toolbar Functions _____	209
21.7	Complete an Investigation _____	211
22.	Potential Citations _____	212
23.	Resources _____	218
24.	Search for a Survey _____	219
25.	Citations _____	222
25.1	Citation Overview _____	224
25.2	Manage Survey Categories _____	226
25.3	Add a Citation for a Health Survey _____	227
25.4	Add a Citation for an LSC Survey _____	229
25.5	Fire Safety Evaluation System (FSES) Citations _____	232
25.6	Delete a Citation _____	234
25.7	Add a Deficient Practice Statement _____	235

25.8	Add Findings to a Citation	239
25.9	AI Assistant	242
25.10	Content Library	246
25.11	Add an Attachment	255
25.12	Conditions to Lock a Citation	256
25.13	Lock/Unlock a Citation	257
25.14	Merge Citation Findings	259
25.15	Create a Revisit Survey	262
25.16	Create a Revisit Survey for Specific Citations	264
25.17	View Older Revisit Surveys	266
26.	Immediate Jeopardy	269
27.	Statement of Deficiencies	273
27.1	Create the CMS-2567 form.	273
27.2	Edit the statement of deficiencies dates.	274
28.	Informal Dispute Resolution	277
29.	Independent Informal Dispute Resolution	279
30.	Plan of Correction (POC)	283
30.1	Plan of Correction	283
30.2	Waivers (Tag Level)	285
31.	CMS-670	288
31.1	Add CMS-670 Time	288
31.2	Edit or Delete CMS-670 Time	290
32.	Letters, Notes, Attachments	293
33.	Survey Closed Status	293

1. Introduction

This user manual addresses how to prepare, add, review, manage, and edit surveys for long-term care (LTC) facilities in iQIES. This manual is not for all other provider areas. Please review [Manage a Survey User Manual](#) for all other provider areas.

For information on other modules, refer to [Reference & Manuals](#) on QTSO.

1.1 Getting Started in S&C – Important Information to Know

Below is important general information about iQIES.

- Log in to iQIES at <https://iqies.cms.gov/> with Health Care Quality Information Systems (HCQIS) Access Roles and Profile ([HARP](#)) login credentials. Refer to [iQIES Onboarding Guide](#) for further information, if necessary.
- All screenshots included in this manual contain only test data. Current screens in iQIES may be different from what is shown in screenshots below.
- Screenshots are dependent on user role and may not be an exact representation.
- Words highlighted in blue are clickable links.
- A red asterisk (*) indicates a required field.
- Blank fields may have a limited number of characters allowed in that field. If so, the character limit is shown on the bottom left. The blank fields may also be expanded. Click the two 45° parallel lines and drag to the right to enlarge the box. See *Figure 1, Expandable Field*.

Figure 1: Expandable Field

- iQIES times out after 30 minutes of nonuse and reverts to the login page.
 - iQIES remains up and active as long as it is in use.
 - iQIES gives a five-minute warning before timing out.
 - The session resumes at the last accessed page after reauthentication.
 - Be sure to save data regularly. Pages that require saving are noted in this document, and have a **Save** button on the page.
- iQIES uses a smart search. Once three letters/digits are typed in the search bar, results are shown based on letters/digits entered. The more letters/digits entered, the narrower the search. If any of the results is the correct result, click the result to open.
- Review any notification banners. Some banners may have links to review further information; others may be a reminder of a task that must be completed. See *Figure 2, Notification Banner* and *Table 1, Notification Banner Color Descriptions*. These banners can be closed (X'd out) at any time.

Figure 2: Notification Banner

Table 1: Notification Banner Color Descriptions

Notification Banner Color	Reason
Green	Action was successful
Blue	Informational only
Yellow	Warning. Review for information.
Red	Stop and review. The banner explains the actions must be taken.

- Review any Tool Tips for additional information to perform an action. Hover over the **i** icon to see the tip. Tool Tips are in iQIES to communicate information. Look for the information icon. See *Figure 3, Tool Tip Icon*.

Figure 3: Tool Tip Icon

- Below are the supported browsers for access to iQIES. Be sure to keep your browser updated.

[Chrome](#)

[Edge](#)

1.2 iQIES Service Center

The iQIES Service Center supports users working within the various iQIES components: S&C, Patient Assessment, and Reporting.

Assistance Accessing iQIES: Contact the iQIES SO for your organization

Technical Support: Contact the iQIES Service Center:

Phone: 888-477-7876 (select Option 1)

Email: iQIES@cms.hhs.gov

Idea Portal: Feedback for future iQIES software development: [CCSQ Support Central](#). Click **Idea Portals** and select **iQIES Idea Portal**.

More information on iQIES: Refer to the [QIES Technical Support Office](#) (QTSO) and the [Quality, Safety, & Education Portal](#) (QSEP). Logging in to HARP may be required before accessing some documentation in QTSO and QSEP.

iQIES reference materials include:

- Links to Training Videos for providers
- Assessment Management User Manual
- Quick Reference Guides
- Onboarding Guide
- Managing User Information
- Other helpful iQIES material

iQIES training materials on QSEP include S&C Foundation Series Videos.

1.3 Roles and Permissions

iQIES roles allow users to access information pertinent to their area of work. The examples provided in this document pertain to S&C and require a Contract Surveyor, State Agency or Centers for Medicare & Medicaid Services (CMS) role with the capability to view or edit this information.

Permissions are ultimately governed by HARP access privileges. Contact the Security Official (SO) for your organization or the iQIES Service Center for issues relating to access and permissions. Refer to the [iQIES User Roles Matrix](#) for detailed information on roles.

For additional help, refer to <https://iqies.cms.gov/iqies/help> or click the help icon in the top right corner of the screen, see *Figure 4, Help Icon*, for further information.

Figure 4: Help Icon

1.4 My Tasks Landing Page

Purpose: **My Tasks** Landing Page is a tool used to track and display data for individual users. It consolidates information and processes into one area so that the user can see at a glance what actions must be performed.

1.4.1 Log in to iQIES. The landing page displays the **My Tasks** tool. See *Figure 5, My Tasks Landing Page* and *Table 2, My Tasks Landing Page Detailed Callout*.

Note: The **My Tasks** landing page defaults to **Active tasks**. Click the drop-down menu and select **Closed tasks** to view completed tasks.

The screenshot shows the 'My Tasks' landing page. At the top, a blue header bar contains 'Welcome, Pat' and a 'My Tasks' button (labeled 'a'). Below the header is a navigation bar with 'Providers', 'Surveys' (labeled 'a'), 'Intakes', and 'Enforcements'. The main content area is titled 'My Surveys Tasks' and features a table of tasks. The table has columns for Survey ID, Provider, Category, Exit Date, Assigned Tasks, and Track Status. Two tasks are listed: '1DF83D-H1' and '1CCD24-H1'. The first task is marked as 'New' (labeled 'i') and has a '15%' completion bar. The second task has an '8/02/2024' exit date and a '16%' completion bar. Below the table, there are sections for 'ASSIGNED TASK', 'DUE DATE', 'TASK STATUS', and 'COMMENTS'. The 'TASK STATUS' section shows a dropdown menu with 'To Do' selected. The 'COMMENTS' section shows a list of tasks: 'Letters', 'Review PoC', 'Schedule Surveys', and 'Send 2567'. A red box highlights the main content area, and callout letters 'b' through 'j' are placed around the interface elements.

Figure 5: My Tasks Landing Page

Table 2: My Tasks Landing Page Detailed Callout

No.	Name	Description
a	Survey tab	Click each tab (Providers, Surveys, Intakes) to review the respective tasks. Not all tabs are available in all user roles. Click Enable Offline to enable the survey offline. For more details on how to enable offline, refer to S&C User Manual: Offline .
b	Expand All Tasks	This checkbox defaults to checked so users can see tasks assigned to them. Uncheckbox to close task detail.
c	Survey ID	The survey ID shows as a link directly under Survey ID . Click the link to go directly to the Survey Basic Information page. Click the caret next to the survey ID to view task status details about the survey. See step 1.4.2. below .
d	Provider	The provider ID and address shows as a link directly under Provider . Click the link to go directly to the Provider Basic Information page.
e	Category	Shows the survey category.
f	Exit Date	Shows the survey exit date.
g	Assigned Tasks	Lists the assigned tasks
h	Track Status	Tracks the completion status of the survey track. Click the status ID to see details. See Certification Event for a detailed explanation.
i	New	A blue New in an oval shape (badge) next to the Survey ID in the Survey tab indicates that the survey task's status is New .
j	Assigned Tasks	Shows tasks assigned to the user. See Task Detail .

- 1.4.2 Click **My Tasks** under **Survey & Certification** on the top menu to access **My Tasks** at any time. See *Figure 6, My Tasks Login*. **My Tasks** landing page opens.

Figure 6: My Tasks Login

Notes:

- Click the iQIES logo on the top left of the screen or **Home** to return to the **My Tasks** landing page at any time. See *Figure 7, iQIES Logo*.

Figure 7: iQIES Logo

- If there are no tasks, then a message appears below the selected tab. See *Figure 8, No Active Tasks*, for an example from the **Surveys** tab.

Figure 8: No Active Tasks

1.4.3 Task Detail: Tasks are shown by default. See *Figure 9, Task Status Details* and *Table 3, Task Status Details Detailed Callout*.

ASSIGNED TASK	DUE DATE	TASK STATUS	COMMENTS
Letters	No information	To Do	Existing Comment
Review PoC	No information	To Do	No comment
Schedule Surveys	No information	To Do	

Figure 9: Task Status Details

Table 3: Task Status Details Detailed Callout

No.	Name	Description
a	ASSIGNED TASK	The name of the task assigned.
b	DUE DATE	The date the task is due, if available.
c	TASK STATUS	The task status. Task statuses are: To Do, In Progress, Complete.
d	COMMENTS	Comments. A + (plus sign) indicates a comment has not been left. See step 1.4.3 .

1.4.4 **Comments:** Click the **+** to leave a comment. The side menu opens.
See *Figure 10, My Tasks Comments*.

Figure 10: My Tasks Comments

1.4.5 Click **Save** to save comments. The side menu closes.

2. Manage a Risk-Based Survey Overview

Purpose: This user manual addresses how to prepare, add, review, manage, and edit surveys.

Important Note: This manual provides technical instruction on system functionality and does not replace CMS policy. Refer to official CMS guidance for policy requirements.

Limited information from surveys from all states can be viewed, but findings, intakes, notes, attachments, and letters cannot be viewed.

Survey information is organized in sections and described in detail in steps in the manual. Click any selection on the left menu to get to that section. See *Figure 11, Survey Data Information Section*.

3. Add a Survey

Notes:

- A survey must be added by a State Agency General User (SAGU) with appropriate permissions.
- Once the survey is complete, a Team Coordinator (TC) must be added. Refer to [Teams](#) for more information on how to add a TC.
- All surveys must have associated intakes added when creating the survey.

3.1 Add a Health Survey

Purpose: This section describes how to create a health survey that is not associated with an LSC survey. To create a health survey that is associated with an LSC survey, see [Link a Health Survey and an LSC Survey](#).

Notes:

- An LSC survey does not have to be linked to a health survey for state surveys.
- Federal surveys must be linked to a health survey.
 - 3.1.1 Click the desired provider record. The **Provider History** page opens. For more information on searching for and accessing a provider, refer to the [Manage a Provider User Manual](#) on QTSO.
 - 3.1.2 Click **Add Survey** on the **Provider History** page. See *Figure 12, Add Survey*. The Basic Information page opens.

Figure 12: Add Survey

3.1.3 Select **Health**. See *Figure 13, Health Survey Type*.

Note: **Life Safety Code** is disabled when it cannot be selected.

The screenshot shows a web form titled 'Basic Information' in a yellow header. Below the title is a text instruction: 'Enter the basic information for this survey. To add open intakes choose 'Complaint' or 'Licensure Complaint' survey category.' followed by a note: 'All required fields are marked with an asterisk (*)'. A red rectangular box highlights the 'Survey Type *' section, which contains two radio button options: 'Health' and 'Life Safety Code'. At the bottom of the form are two buttons: 'Save Basic Information' (grayed out) and 'Cancel' (blue).

Figure 13: Health Survey Type

3.1.4 Select **Recertification** under **Federal Categories**. The **RBS** checkbox opens.

3.1.5 Click the **RBS** checkbox.

Note: **RBS** checkbox is disabled until **Recertification** is checked.

3.1.6 Check any other appropriate boxes.

3.1.7 Fill out the rest of the information. See *Figure 14, New RBS Survey Basic Information*.

Notes:

- Grayed out areas cannot be filled out. They are disabled based on the provider's information.
- **Regulation Sets** are applicable to the survey category selected.
- Click **Show Older Regulation Sets** to see older regulation sets, if desired.
- Type a **Start Date** under **Survey Status** before saving the basic information.

Figure 14: New RBS Survey Basic Information

3.1.8 Click **Save Basic Information** to save new survey. The new survey opens.

Notes:

- Refer to [Off Hours](#) for off hours survey information.
- Once the survey is saved, a survey ID is generated.
- RBS is noted under the **Category** on the top menu and above the RBS section on the left menu. See *Figure 15, RBS Survey*.

The screenshot displays the 'Survey 33EE5C-H1' form. The left sidebar contains a menu with options: 'Singy RBS Due Diligence Care', 'CCN 575169', 'Nursing Home', 'Basic Information', 'Responsible Staff', 'Manage Tasks', 'Teams', 'LTCSP-RBS' (highlighted with a red box), 'Survey Prep', 'Initial Pool', 'Investigation', and 'Resources'. The main content area shows the 'Basic Information' section with a yellow header. Below the header, there is a 'Survey Type' section with 'Enforcement Case ID'. The 'Category' dropdown is highlighted with a red box, showing 'Recertification, RBS' and 'Complaint'. Other fields include 'Buildings' (0) and 'Start Date' (05/02/2026).

Figure 15: RBS Survey

3.1.9 Click **Edit** in the top right corner to edit the survey, if desired.

3.2 Off-Hours Survey

Purpose: Document hours for standard health surveys conducted before 6:00AM, after 5:00PM local time on business days, or on weekends and holidays.

Note: Off-Hours is system-calculated based on the **Start Date/Start Time**, which are both required fields

- 3.2.1 Check **Recertification** for **Survey Categories**. The **Survey Status Start Time** field appears and the **Off-Hours Start** is shown with no information. See *Figure 16, Survey Status*.

The screenshot shows a form titled "Survey Status" with a yellow header. It contains four input fields: "Start Date" (with a red asterisk and MM/DD/YYYY format), "Exit Date" (with MM/DD/YYYY format), "Start Time" (with a red asterisk and a time selection interface), and "Off-Hours Start" (with a dash "-" as a placeholder). A red rectangular box highlights the "Start Time" and "Off-Hours Start" fields.

Figure 16: Survey Status

- 3.2.2 Fill out additional required information.
- 3.2.3 Type **Survey Start Date**.

3.2.5 Type **Survey Start Time**.

- a. **Off-Hours Start** automatically populates to **No** when the start time is during business hours (8:00AM to 5:00PM local time). See *Figure 17, Off-Hours Start is No*.

The screenshot shows the 'Survey Status' form. The 'Start Date' field is populated with '06/17/2025' and the 'Exit Date' field is empty. The 'Start Time' field is highlighted with a yellow background and contains '11:00 AM', with a red arrow pointing to it. The 'Off-Hours Start' field is highlighted with a red border and contains 'No'.

Survey Status	
Start Date *	Exit Date
06/17/2025 MM/DD/YYYY	
Start Time *	
11:00 AM	
Off-Hours Start	
No	

Figure 17: Off-Hours Start is No

- b. **Off-Hours Start** automatically populates to **Yes** when the start time is after business hours (prior to 8:00AM and after 5:00PM local time, holidays, or weekends). See *Figure 18, Off-Hours Start is Yes*.

The screenshot shows the 'Survey Status' form. The 'Start Date' field is populated with '06/17/2025' and the 'Exit Date' field is empty. The 'Start Time' field is highlighted with a yellow background and contains '11:00 PM', with a red arrow pointing to it. The 'Off-Hours Start' field is highlighted with a red border and contains 'Yes'.

Survey Status

06/17/2025 MM/DD/YYYY	
Start Time *	
11:00 PM	
Off-Hours Start	
Yes	

Figure 18: Off-Hours Start is Yes

3.2.6 Click **Save Basic Information**.

3.3 Add an LSC Survey

Purpose: To create an LSC survey that is not associated with a health survey.
To create an LSC survey that is associated with a health survey, see [Link a Health Survey and an LSC Survey](#).

Notes:

Before an LSC survey can be created, the following must occur:

- A provider must be added to iQIES with its primary physical location.
- A building must be added to the provider. See the [Manage a Provider User Manual](#) on QTSO for further details, if needed.
- Each building has an LSC Form Indicator (LSC Regulation Set specific to provider types).
- An LSC survey can be linked to a health survey either during survey creation or after the survey is created.
 - Select a survey under **Linked Health Survey** to link an LSC survey to a health survey during the LSC survey creation.
 - Follow [Link a Health Survey and an LSC Survey](#) steps to link the surveys after an LSC has been created.

3.3.1 Click **Add Survey** on the **Provider History** page. See *Figure 19, Add Survey*. The survey **Basic Information** page opens.

Figure 19: Add Survey

3.3.2 Select **Survey Type**. See *Figure 20, Survey Type*.

Figure 20: Survey Type

Note: Verify whether **Locations** is set up if **Life Safety Code** is disabled (grayed out). **Locations** is found on the provider **Basic Information** page.

3.3.3 Fill out the information. Fields are dependent on the type of survey chosen.

Notes:

- Disabled areas cannot be filled out. They are disabled based on the provider's information.
- **Regulation Sets** are applicable to the survey category selected.

3.3.4 Click **Save Basic Information** to save new survey. The new survey opens and can be edited.

Notes:

- The **L** in the survey ID signifies an LSC survey.
- The **1** signifies that this is the first visit for this survey. See *Figure 21, LSC Survey ID Explanation*.

Figure 21: LSC Survey ID Explanation

3.4 Link a Health Survey and an LSC Survey

Purpose: To create an LSC survey that is associated with a health survey in order that both surveys have the same ID prefix. To create an LSC survey that is not associated with a health survey, see [Add an LSC Survey](#).

Notes:

- There must be a building associated with the provider to link surveys. The **Life Safety Code Survey Type** radio button is disabled when there is no building associated with the provider.
- The example below shows how to create a new LSC survey and link it to an existing health survey. The process works the same way when creating a new health survey and linking it to an existing LSC survey.
- A linked survey cannot be unlinked.

3.4.1 Go to the **Provider History** page for the provider.

3.4.2 Click **Link Survey** under the **Survey action** menu on the survey line. See *Figure 22, Link Survey*. The **Link Survey** page opens.

Notes:

- The linked survey shows in the **Linked Survey** column if there is an existing linked survey.
- Only open, linkable surveys are displayed.

Sets & Survey ID	Survey Type	Survey Category	Exit Date	Status	Linked Survey	Track ID	Progress	Survey action
2FFA88-L1	Life Safety Code	Recertification		New	No Linked Survey	2FFA88	0%	Create Federal Monitoring Survey Link Survey

4. Delete a Survey

Purpose: To delete a survey that should not be in the system.

Notes:

- Only the State Agency Admin and Survey Admin user roles can delete a survey.
 - Once a survey is deleted, it cannot be reinstated.
 - Surveys cannot be deleted under the following conditions:
 - When a survey has citations
 - When a survey has an IDR
 - When a survey has a POC
 - When a survey has CMS-670 time entered
- Note:** To remove time from the CMS-670, follow instructions in the [Manage a Form User Manual](#) on QTSO.
- If the survey is associated with:
 - A revisit
 - An FMS
 - An enforcement
 - There may be other circumstances when a survey cannot be deleted without additional actions. Pay attention to the red notification banners. The banners explain what the issue is and show a link as to where to go to resolve the specific condition, if possible.
- Contact the [iQIES Service Center](#) if there is an enforcement attached to the survey.
 - Surveys cannot be deleted when an intake is associated with it.

- **Only Designated State and CMS Users can perform the actions in steps 4.1 and 4.2 below.**
- Contact the [iQIES Service Desk](#) to request the deletion of a survey created by CMS staff. Include the Event ID, the CCN, the name of the provider and a statement that none of the conditions listed in the third note above exists for the survey being deleted.

4.1 Click **Delete** this survey under **Survey action** on top right of **Basic Information** screen. See *Figure 27, Delete a Survey*. The **Delete survey?** pop-up window opens.

Figure 27: Delete a Survey

Note: When a survey cannot be deleted, a red notification explains the reason why. See *Figure 28, Survey Cannot Be Deleted*. Click the link in the notification to review the specific citation or enforcement.

Figure 28: Survey Cannot Be Deleted

4.2 Click **Yes, delete**. See *Figure 29, Delete Survey? Pop-up Window*. The survey is deleted.

Figure 29: Delete Survey? Pop-up Window

5. Basic Information

Purpose: The **Basic Information** page is the landing page when a survey is opened.

Note: The left menu provides access to the **Basic Information** page.

5.1 Click **Edit** to edit **Basic Information**. The information shows the editable areas. See *Figure 30, Edit Button*.

Note: The system assigns the **Survey Due Date** based on the oldest linked intake due date.

4	The Due Date of the task
5	The Status of the task.
6	The Responsible Staff assigned to the task. More than one Responsible Staff can be assigned the task.
7	Click the + icon to add a comment. Click the letter icon to view an existing comment or to add a new comment.

8. Teams

Purpose: Add, edit, or review staff who perform surveys, write citations, send statements of deficiency, and review plans of correction.

Notes:

- There must be a TC for each survey. If no TC is selected, then the first staff member on the list is designated TC.
- A user must be added to the Team to view the survey details.
- A Contract Surveyor user role can only view Team members.
- An orange warning message appears on the top of the screen when a specific role is required to be on the team. Click the **X** to remove the notice.
- QA Team members are assigned in Teams and are given permissions to act on behalf of surveyors on the survey team for specific functions.
- QA team members can add and manage team members' citations.
- QA team members can add and manage team members' time in [CMS-670](#).

8.1 Click **Teams** on the left menu. See *Figure 37, Teams*. The **Teams** window opens.

Figure 37: Teams

8.2 Click **Add Team Members** to add a new person to the team. The **Add Teams** window opens. See *Figure 38, Add Teams*.

Notes:

- Members can be added to both the **Survey Team** and the **QA Team**. Click the desired team at the top of the page to add a staff member.

Add Teams

Survey Team **QA Team**

Select staff members for this survey. The first staff member selected will be designated as team coordinator by default.

8.3 Type last name in text box under **Last Name**. Add first name to narrow down the results, if necessary.

Notes:

- It is only possible to add staff that are in the list of staff members.
- Click the arrow next to **Name** to sort names in alphabetical or reverse alphabetical order.

8.4 Click **Search**. The search results appear below.

8.5 Check the box under **Select** next to the correct name.

8.6 Click **Save**. A green notification banner appears at the top of the screen, verifying the member was successfully added. See *Figure 40, Survey Team Member Successfully Added Popup*.

Figure 40: Survey Team Member Successfully Added Popup

8.7 Click **Delete** under **Actions** to delete a team member. See *Figure 41, Delete a Team Member*. A confirmation pop-up window opens. See *Figure 42, Deletion Confirmation Popup*.

Notes:

- The **Team Coordinator** role cannot be deleted (there must be a **Team Coordinator**). The **Team Coordinator** role can be assigned to another team member and then that person can be deleted. The **Team Coordinator** has a blue circle next to their name.
- A Team member with associated data cannot be deleted.

8.8 Click **Delete**.

8.9 Verify that the team member is no longer on the list.

9. Certification Event

Purpose: To organize certification documents for provider certification.

Note: It may be necessary to refresh the page to update track status when changes are made.

[View Certification Progress in My Tasks](#)

[View Certification Progress in Survey](#)

[View Certification Progress in Provider History Page](#)

9.1 View Certification Progress in My Tasks

9.1.1 Go to [My Tasks](#).

9.1.2 Click the **Survey** tab.

9.1.3 View certification status under **Track Status** for each survey in My Tasks.

9.1.4 Click survey number to view details. See *Figure 43, My Tasks Track Status*.

Figure 43: My Tasks Track Status

9.1.5 Click the survey number to view detailed certification status. The track status for the selected survey opens.

9.1.6 View track status details: Click the carets next to the survey number or **Track Forms** to view additional details. See *Figure 44, Detailed Certification Status*.

The screenshot shows a window titled "Track 1CCD24 Status" with a close button (X) in the top right corner. The window contains two expandable sections, each with a caret icon and a yellow label. The first section, labeled "Survey 1CCD24-H1", is expanded and shows a table with the following data:

Name	Status	Completed Date
CMS-670	Not Started	-
CMS-2567	Complete	08/02/2024
Revisit	Not Started	-
Closed Status	In Progress	-

The second section, labeled "Track Forms", is also expanded and shows a table with the following data:

Name	Status	Completed Date
CMS-1539	Complete	08/07/2024

At the bottom right of the window is a blue "Close" button. Red arrows point to the caret icons for both sections and the "Close" button.

Figure 44: Detailed Certification Status

9.2 View Certification Progress in Survey

Go to the **Survey Basic Information** page. See *Figure 45, Survey Basic Information Page Certification Progress* and *Table 5, Survey Basic Information Page Certification Progress Detailed Callout*.

Figure 45: Survey Basic Information Page Certification Progress

Table 5: Survey Basic Information Page Certification Progress Detailed Callout

Callout	Action	
a	The left menu shows the status at a glance.	
	No fill	Not Started: Form or information hasn't been started
	Yellow fill	In Progress: Form or information has been started, but it is incomplete
	Green fill	Complete: Form or information is complete
b	The gray status bar shows the certification track status.	

Callout	Action
	Click survey number under Track Status to see detailed information on certification status. See Track Status Details for more information.

9.3 View Certification Progress on Provider History Page

9.3.1 Go to the **Provider History** page. See *Figure 46, Provider History Page Certification Progress*.

Figure 46: Provider History Page Certification Progress

9.3.2 Click survey number under **Track Status** to see detailed information on certification status. [Review Track Status Details step](#) for further details.

10. Surveyor Notes

Purpose: To document Surveyor Notes during the survey. Surveyor Notes are specific to a survey team member.

General Notes

- Surveyor Notes are not the same as the **Notes** selection on the left menu. Refer to the [Notes section](#) in this document for further details.
- Any survey team member can add or view a Surveyor Note. Surveyors can only edit or delete their own Surveyor Notes.
- Surveyor Notes have a history of all Surveyor Notes entries. Refer to [Custom Toolbar Functions](#) for more details on how to view Surveyor Notes history.

Navigate to Surveyor Notes

- Surveyor Notes can be accessed and viewed in all RBS screens.
- Click the Surveyor Notes icon on the top right of the screen to open Surveyor Notes. The icon is located directly under the user name. See *Figure 47, Surveyor Notes Icon*.

Figure 47: Surveyor Notes Icon

- Surveyor Notes defaults to opening on the right. Click the Surveyor Notes bottom menu icon to open the Surveyor Notes on the bottom of the page. See *Figure 48, Surveyor Notes Bottom Screen Icon*.

Figure 48: Surveyor Notes Bottom Screen Icon

- Surveyor Notes can be resized on the screen by dragging the left line (when the notes are on the left) or the top line (when the notes are on the bottom) of the Surveyor Notes panel. Hover over line until the directional arrows are shown, then drag the line in either direction.
- Surveyor Notes can be left open while navigating to other RBS screens.

Create a Surveyor Note

- Click in the Surveyor Notes text area to create a Surveyor Note.
- A date/time stamp is automatically inserted when the surveyor starts to type in the text area when the text area is blank. Click Date/Time Stamp icon to insert date for additional notes.
- Type notes. See *Figure 49, Sample Surveyor Note*.

Figure 49: Sample Surveyor Note

- Surveyor Notes are autosaved.
- The **Last saved** date and time shows at the bottom of the Surveyor Notes. See *Figure 50, Surveyor Notes Last Saved Date and Time*.

Figure 50: Surveyor Notes Last Saved Date and Time

Custom Toolbar Functions

There are 4 custom toolbar options among the normal standard formatting options. See *Figure 51, Surveyor Notes Custom Toolbar Functions*.

Figure 51: Surveyor Notes Custom Toolbar Functions

From left to right they are:

- [View All Surveyor Notes](#)
- [Insert Date/Time Stamp](#)
- [Insert Resident ID](#)
- [Notes History](#)

Note: Hover over the icon to see the name of the icon.

[View All Facility Notes](#)

View all team member's Surveyor Notes. See *Figure 52, View All Surveyor Notes*. Click any name to view the Surveyor Note. Surveyor Notes are not editable.

Figure 52: View All Surveyor Notes

Click **My Notes** to return to the user's Surveyor Notes.

[Insert Date/Time Stamp](#)

Insert the current date/time at the cursor placement.

[Insert Resident ID](#)

Select **Resident ID** to be inserted into the Surveyor Notes. Multiple residents can be selected.

[Notes History](#)

View a history of all autosaved Surveyor Notes entries. If a previously saved entry is deleted in error, it can be accessed from the Surveyor Notes History and copied and pasted into the current Surveyor Notes.

[Help](#)

There is also a help icon on the toolbar which can be accessed for additional information as well as keyboard shortcuts. See *Figure 53, Surveyor Notes Formatting Menu*.

Figure 53: Surveyor Notes Formatting Menu

Note: Click the horizontal ellipsis to view the second row of formatting options.

11. Add Immediate Jeopardy

Purpose: To add immediate jeopardy (IJ) to a citation as soon as the IJ is discovered.

Notes:

- The **IJ** button is available on every RBS screen.
- Any survey team member can add IJ and edit existing tags.

11.1 Click **IJ** icon on top right of screen. See *Figure 54, IJ Icon*. The **IJ Template** pop-up window opens. See *Figure 55, IJ Template Pop-Up Window* and *Table 6, IJ Template Pop-Up Window Detailed Callout*.

Figure 54: IJ Icon

Figure 55: IJ Template Pop-Up Window

Table 6: IJ Template Pop-Up Window Detailed Callout

No.	Name	Description
a	Search	Search for a specific template
b	Tag	The tags that appear are tags that already have information added to them. Select the radio button next to Tag to select all the tags. Click the tag link for tag details including Regulation Text and Interpretive Guidance.
c	Tag Title	Name of F-tag
d	Last Updated	Date last updated in the system
e	Edit	Edit template with details, including date, time, noncompliance, need for action
f	Select Templates/ Download Templates	Select Template is disabled until a Tag is selected. Once a tag is selected, Download Templates becomes active. Note: More than one tag can be selected. Click to download PDF.
g	Add IJ Template	Click to add additional tags

11.2 Click the radio circle next to the F-tag.

11.3 Click **Add IJ Template**. The **Select Regulation** pop-up window opens. See *Figure 56, Select Regulation Pop-Up Window*.

Note: Click the checkbox next to **Add another citation after save** to add more than one citation.

11.4 Select or search for a tag.

The image shows a 'Select Regulation' pop-up window. At the top, there is a back arrow and a close 'X' button. Below the title bar is a search bar with a magnifying glass icon and the text 'Search'. Underneath the search bar is a 'Tag' label with a dropdown arrow. A list of regulations follows, each with a radio button and a text label: F0000 INITIAL COMMENTS, F0540 Definitions, F0552 Right to be Informed/Make Treatment Decisions, F0553 Right to Participate in Planning Care, F0555 Right to Choose/Be Informed Attendg Physician, F0557 Respect, Dignity/Right to have Prsnl Property, F0558 Reasonable Accommodations Needs/Preferences, F0559 Choose/Be Notified of Room/Roommate Change, F0560 Right to Refuse Certain Transfers, F0561 Self-Determination, F0562 Immediate Access to Resident, and F0563 Right to Receive/Deny Visitors. At the bottom left, there is a checkbox labeled 'Add another citation after save', which is highlighted with a red rectangle. At the bottom right, there are two buttons: 'Cancel' (disabled) and 'Next' (active). A red arrow points to the 'Next' button.

Figure 56: Select Regulation Pop-Up Window

- 11.5** Click Next. The Template Edit pop-up window opens and can be edited. See Figure 57, IJ Template Edit Pop-Up Window and Table 7, Select Regulation Pop-Up Window Detailed Callout.

Note: **Next** is disabled until a **Tag** is selected.

Template Edit ⓘ a

b > **F0559 - Choose/Be Notified of Room/Roommate Change**
LONG TERM CARE FACILITIES (FED - F - 20.00)

Date/Time IJ Template provided to entity
MM/DD/YYYY

Noncompliance
Has the entity failed to meet one or more federal health, safety, and/or quality regulations?
If yes, in the blank space, identify the tag and briefly summarize the issues that lead to the determination that the entity is in noncompliance with the identified requirement. This includes the action(s), error(s), or lack of action, and the extent of the noncompliance (for example, number of cases). Use one IJ template for each tag being considered at IJ level.

☐ Yes
☒ No

Figure 58: Updated IJ Templates Pop-Up Window

- 11.8** Click **Cancel** or **X** to close the window or **Download Templates**, as desired.

12. Add Residents to Sample List

Purpose: Contains all the residents in a survey.

Notes:

- Surveyors can manually select residents to include in the sample list
- Only the TC can deselect a resident
- There are system-selected residents automatically included on the list
- The completed list can be downloaded as a PDF
- The system automatically selects any resident:
 - On the **Current Sample Candidates** list, regardless of whether that resident is checked or not checked on that page
 - Assigned to a facility task, both manually or from an intake
 - Assigned to an investigation, both manually or from an intake
 - Tagged in any note
- The system automatically deselects any resident:
 - Removed from the Current Sample Candidates list
 - Unassigned from a facility task, both manually or from an intake
 - Unassigned from an investigation, both manually or from an intake
- All system selected residents (with the exception of those added from Notes) will deselect automatically if the action that added them is undone.
- Residents selected from being tagged in a Note remain selected if the resident is removed from the Note.
- The TC can manually deselect any resident whether they were manually added or system added.

- 12.1.1 Click Add Residents to Sample List icon on top right of screen. See *Figure 59, Add Residents to Sample List Icon*. The **Add Residents to Sample List** pop-up window opens. See *Figure 60, Add Residents to Sample List Pop-Up Window*.

Figure 59: Add Residents to Sample List Icon

Resident	BIMS	Room	Admin Date
☒ Dover, Eileen (9)		L-R-L	2024-08-01
☒ KENT, LEAH (2)	13	60787049	2024-05-24
☒ MUELLER, AIMEE (1)	13	60787057	2024-05-24
☒ OWEN, KHADJIA (7)	13	60787045	2024-05-24
☒ PENA, AMY (8)	13	60787046	2024-05-24
☒ PETERSON, ADELE (4)	13	60787061	2024-05-24
☒ SIMMONS, ANA (6)	13	60787044	2024-05-24
☒ STEPHENS, ELSA (3)	13	60787047	2024-05-24
☒ VASQUEZ, BRIANNA (5)	13	60787048	2024-05-24

Figure 60: Add Residents to Sample List Pop-Up Window

- 12.1.2 Click the checkbox to the left of the resident to select any resident.
- 12.1.3 Click **Download PDF**. The list downloads.

13. Offsite Prep

Purpose: To inform and prepare the survey team ahead of entering an RBS. It provides historical information from previous surveys and establishes the expected work to be done by the team in the current survey.

Notes:

- The Team Coordinator (TC) of a survey team completes Offsite Prep.
- Complaints and facility-reported incidents (FRI) are collectively referred to as intakes. Review the name of the intake link to see whether the intake is a complaint or an FRI (For example, **Complaint** 1234 vs. **Incident** 1234).
- Only the TC can edit the **Offsite Prep** page. Other survey team members see the page as read only.
- The badge next to **Offsite Prep** shows the status of the page. **In Progress** means the TC is still working on the page. **Finalized** means the page has been completed. See *Figure 61, Offsite Prep Badge*. Information may be edited when a badge says **In Progress**.

Figure 61: Offsite Prep Badge

- **Finalized** pages are a snapshot of all data that was there when finalized.

13.1 Navigate to Survey Prep

13.1.1 Click **Survey Prep** on the left menu. The **Survey Prep** menu opens.
See *Figure 62, Offsite Prep* and *Table 8, Offsite Prep Detailed Callout*.

13.1.2 Click **Offsite Prep**. The **Offsite Prep** window opens.

The screenshot shows the 'Offsite Prep' window. On the left, a sidebar contains the following items: Survey 33EE5C-H1, Singy RBS Due Diligence Care, CCN 575169, Nursing Home, Basic Information, Teams, LTCSP-RBS, Survey Prep, Offsite Prep (highlighted with a red box and labeled 'a'), Entrance Conference, and Team Meeting. The main content area has a header with 'Offsite Prep' (labeled 'a') and 'In Progress' status, and a 'Finalize' button (labeled 'b'). Below the header, there are sections for Facility Information, Administrator, Previous Recertification Survey Date, Last Updated by, Review Prior to Visit, and Repeat Deficiencies. A 'View Provider History Report' link is at the bottom right.

Figure 62: Offsite Prep

Table 8: Offsite Prep Detailed Callout

No.	Section Name	Section Detail	Description
a	In Progress/ Finalized	Status of the page	In Progress shows the TC is still updating the page. Finalized shows the TC has finalized the Offsite Prep page. Any additional edits switch the status to In Progress. It is necessary to click Finalized to put the page back into a Finalized status.
b	Finalized	Button to select to finalize offsite prep for this survey.	Click to send a system-generated email to each individual in the Team Unit Assignment noting that Offsite Prep has been finalized. Finalize only appears for the TC.

13.2 Facility Information

Review facility information. See *Figure 63, Offsite Prep: Facility Information* and *Table 9, Facility Information Detailed Callout*.

Facility Information

- Example: F686 (Treatment/Svcs to Prevent/Heal Pressure Ulcers) at a D: Based on observation, interview and record review the facility failed to reposition one of three sampled residents reviewed for pressure ulcers. This failure had the potential for the resident to develop a pressure ulcer.

c

Review of Complaints and FRIs since Previous Recertification Survey Date (06/05/2023)

Intake ID ⚙️	Priority ⚙️	Intake Start Date ⚙️	Intake Closed Date ⚙️
Incident 678539	Non-Immediate Jeopardy-Medium	05/09/2023	06/08/2023
Complaint 723046	Non-Immediate Jeopardy-High	06/07/2023	06/08/2023

01/08/2025 5:47 PM Must review complaints and FRIs in detail.

Figure 64: Offsite Prep: Review Prior to Visit

Table 10: Review Prior to Visit Detailed Callout

No.	Section Detail	Description
a	Repeat Deficiencies	Documents any repeat deficiencies. Click link to view the Provider History report. The link opens in a new tab.
b	Last Standard Survey Results	Auto populates the results of the last standard survey. Shows applicable tags, tag descriptions, scope and severities, and opening statements from the last standard survey when historical information is available; otherwise, TC may add pertinent information as needed. Click link to generate the prior CMS-2567 for additional information, if desired. The prior CMS-2567 can only be viewed by survey team members who were on the survey for that CMS-2567.
c	Review of Complaints and FRIs since Previous Recertification Survey Date	This is a listing of all intakes that have been set to Closed since the previous survey. This information is dynamic based on the derived Previous Recertification Survey Date in the Facility Information section. Shows all the intake notes associated with that intake. Add any relevant notes in the text field about closed intakes. Click any intake ID to review the intake.

13.4 Staffing

Notes:

- The **FY Quarter** and **Year** are required fields once a row is selected on the PBJ Staffing Table. The **Staffing Requirements** cannot be finalized unless a quarter and year are selected, or the row is deselected.
- **Staffing Notes** are used to document any additional notes related to the decisions about the PBJ Staffing table.

Fill out staffing requirements. See *Figure 65, Offsite Prep: Staffing* and *Table 11, Staffing Detailed Callout*.

a Does the facility have staffing concerns based on the [PBJ Staffing Data Report](#) ? Yes No

b Mark all concerns that apply and the applicable quarter

Concern	FY Quarter	Year
☐ Low weekend staffing	Select	Select
☐ RN coverage for 8 consecutive hours/day	Select	Select
☐ Licensed nurses for 24 hours/day	Select	Select
☐ 1 star staffing rating	Select	Select
☐ Failed to submit PBJ data	Select	Select

c Staffing Notes

Rich text editor toolbar: Bold, Italic, Underline, Text Color, Background Color, Bulleted List, Numbered List, Indent, Outdent, Link, Unlink, Help. Font: Rubik, Size: 12pt.

Figure 65: Offsite Prep: Staffing

Table 11: Staffing Detailed Callout

No.	Section Detail	Description
a	Does the facility have staffing concerns ...	If the response to this question is Yes, then the list of staffing concerns is enabled and the PBJ Staffing Detail modal is accessible from other pages. If the response to this question is No, then the list of staffing concerns is not enabled.
b	Mark all concerns...	Select from any combination of the following rows: • Low weekend staffing • RN coverage for 8 consecutive hours/day • License nurses for 24 hours/day • 1 star staffing rating • Failed to submit PBJ data ○ This option automatically cites the F0851 tag (CE#1) at a severity/scope of F, Max Severity = 2. ○ Deselecting this row undoes the auto-citing as long as nothing has been changed with the F0851 tag in terms of compliance decision or selected level or declaration on potential citations. Note any concerns along with applicable quarter and year. Be sure to fill out both quarter and year in separate fields.
c	Staffing Notes	Document any additional notes related to the decisions about the PBJ Staffing table.

13.5 Active Intakes

Purpose: To select the RBS Areas for specific intakes so that the allegations can be investigated.

Notes:

- This section displays all intakes linked to the survey.
- It is not possible to discharge a resident on the Offsite Prep screen when a Care Area has been selected for the intake.

Review the **Active Intakes** Table. See *Figure 66, Active Intakes Table and Table 12, Active Intakes Detailed Callout*.

Note: The **Active Intakes** section shows the current complaints and incidents for the facility as well as specific information about the resident.

Active Intakes

+ Add New Resident

2 Active Intakes

Intake ID	Allegations	Person(s) Affected	Resident (ID), Room

- The **Care Areas**, **Investigations**, and **Facility Tasks** are tied to the intake, not the resident.
- **In Pool** and **Offsite** are tied to the resident.

Resident (ID), Room

Shows the resident name, ID and room number. There may be more than one resident shown.

- Click the caret next to the resident to switch residents.
- Click [Add Another Resident](#) to add another resident to the intake.

Care Areas

Lists the care areas associated with the intake.

Investigations

Lists the investigations associated with the intake.

Facility Tasks

Lists the facility tasks associated with the intake.

Offsite

The **Offsite** badge shows in this field when the selected resident is an Offsite-selected resident.

In Pool

- **In Pool** is checked when the resident is part of the Initial Pool.
- **IP** is unchecked when the resident is either a **No**, **Unknown**, or **Screen (N, U, S)**.
- A **Discharged** badge is shown when the resident is discharged, and the checkbox is removed.

+ Add Another Resident

- Click **Add Another Resident** to add an additional resident to the intake. A new line opens under the existing resident on the intake. See *Figure 70, Add Another Resident*.

Resident (ID), Room	Care Areas	Investigations	Facility Tasks	Offsite	In Pool
FEDERER, R...	Activities Participation in Care Planning	Activities Privacy	Environment Resident Assessment		☐ Edit
Select	None	None	None		

+ Add Another Resident

Figure 70: Add Another Resident

- Select resident from drop-down menu of existing residents. See *Figure 71, Select Resident*.

Resident (ID), Room	Care Areas	Investigations	Facility Tasks	Offsite	In Pool
FEDERER, ROGER (14)	Activities Participation in Care Planning	Activities Privacy	Environment Resident Assessment		☐ Edit
DJOKOVIC, NOVAK (6)	None	None	None	☒ Offsite	☐ Edit

+ Add Another Resident

You must select at least one area based on the Intake/Allegation. Refer to the RBS PG for instructions.

Figure 71: Select Resident

Note: Review notification. The intake must be updated. Click **Edit** to update the resident information. See details on how to edit below.

Edit

Click **Edit** to edit RBS Areas. The **Identify Areas** pop-up window opens. See *Figure 72, Identify Areas Pop-Up Window* and *Table 13, Identify Areas Pop-Up Window Detailed Callout*.

Note: Click **Save** to save any updates. It is necessary to scroll to the bottom of the window to see the **Save** button.

The screenshot shows the 'Identify Areas' pop-up window. It has a title bar with 'Identify Areas' and a close button. The form is divided into several sections:

- a** Intake ID: Complaint 1861823
- b** Resident (ID), Room: FEDERER, ROGER (14)
- c** Care Areas: Includes a dropdown menu with 'Activities', 'Participation in Care Planning', and 'Select all that apply'. A red arrow points from **d** to the information icon next to 'Care Areas'.
- e** Investigations: Includes a dropdown menu with 'Activities', 'Privacy', and 'Select all that apply'.
- f** Assigned Surveyor *: A dropdown menu showing 'NHCS_Singy_NY'.
- g** Facility Tasks: Includes a dropdown menu with 'Environment', 'Resident Assessment', and 'Select all that apply'.
- h** Cancel and Save buttons at the bottom right.

A red asterisk indicates required fields.

Figure 72: Identify Areas Pop-Up Window

Table 13: Identify Areas Pop-Up Window Detailed Callout

No.	Name	Description
a	Intake ID	The complaint or incident ID.
b	Resident (ID), Room	The resident name, ID and room number.
c	Care Areas	Select a care area to force In Pool = Y. This applies to all intakes with which the resident is associated. Select a care area to set the IP Surveyor to the TC on Resident Manager, if one has not already been determined. Discharged residents cannot have care areas selected.
d	Information Button	Hover over the information button for details on how to edit/update each area.
e	Investigations	Select an Investigation to assign the Investigation to the selected resident with the required assigned surveyor. The Investigations page shows all assigned surveyors when they are different, as long as the same investigation is selected for multiple intakes that have the same resident.
f	Assigned Surveyor	Only one surveyor can be assigned. A different surveyor from the survey team can be selected from the drop-down menu.
g	Facility Tasks	Select a facility task to trigger the task on the Facility Tasks page, if it is not already listed.
h	Cancel/Save	Cancel to cancel out of edit. Save to save updates.

13.6 Additional Notes

Note: The TC can note the following:

- Whether there was abuse cited on the prior survey or whether there are any abuse allegations or citations for complaints.
- Any federal waivers or variances for onsite review.
- Any active enforcement cases that should not be investigated in this survey.

Add any additional notes. See *Figure 73, Offsite Prep: Additional Notes*

Additional Notes

Was abuse cited on the prior standard survey or have there been any abuse allegations or citations for complaints? ☐ Yes ☐ No

Note any federal waivers/variances for onsite review

Note any active enforcement cases (resident/issues/dates/reason) that shouldn't be investigated

Figure 73: Offsite Prep: Additional Notes

13.7 Ombudsman

Purpose: To track any additional areas of concern the Ombudsman may have.

13.7.1 Answer the question: **Are there any Ombudsman concerns?** See *Figure 74, Offsite Prep: Ombudsman* and *Table 14, Offsite Prep: Ombudsman Detailed Callout*.

Note: Additional fields (shown in figure) open under **Areas of Concern** when the answer is **Yes**.

Ombudsman

a Are there any Ombudsman concerns? ☒ Yes ☐ No ☐ No Response [i](#)

b Ombudsman Name: Addie Minstra Contact Date: 05/04/2026 Phone Number: (888) 555-1212

c Areas of Concern

Rich text editor: Patient had medical coverage concerns about his tennis elbow.

Resident (ID), Room	Care Areas	Investigations	Facility Tasks	Offsite	In Pool

f + Add Another Resident

Figure 74: Offsite Prep: Ombudsman

Table 14: Offsite Prep: Ombudsman Detailed Callout

No.	Name	Description
a	Ombudsman concerns	Respond to the question. Additional fields open for a Yes response.
b	Ombudsman Name, Contact Date, Phone Number	The ombudsman name, date they were contacted, and phone number.
c	Areas of Concern	Type areas of concern.
d	Resident (ID), Room	Select resident from drop-down list.
e	Edit	Click Edit to open Identify Areas pop-up window. Refer to Identify Areas for more details.
f	+Add Another Resident	Add an additional resident

13.7.2 Fill out ombudsman name and information.

Note: Continue to [Team Unit Assignments](#) when there are no concerns; otherwise, continue with this step.

13.7.3 Type information in **Areas of Concern**.

13.7.4 Select a **Resident** from the drop-down menu under **Resident (ID), Room**.

13.7.5 Click **Edit** to identify areas. The **Identify Areas** pop-up window opens.

Notes:

- Refer to [Active Intakes Edit](#) for details on how to fill out the pop-up window.
- You must select at least one area related to the **Ombudsman Concerns**.

13.8 Covered Screening Categories

Purpose: To view Covered Screening Categories for Offsite or Ombudsman Selected Residents.

Review **Covered Screening Categories** and **MDS Indicator Counts**. See *Figure 75, Covered Screening Categories*.

Note: No changes can be made to this section.

Covered Screening Categories for Offsite or Ombudsman Selected Residents		
Resident Screening Category Counts (MDS Indicators) - Dialysis 5 - Hospice 5 - Ventilator 5		
Screening Categories ▴ ▾	Resident, ID ▴ ▾	Room ▴ ▾
Dialysis	ATKINS, RESIDENT (1) Offsite

Ventilator	BOWEN, RESIDENT (2) Offsite	
Ventilator	BROWN, RESIDENT (3) Offsite	
Ventilator	CRUZ, RESIDENT (4) Offsite	

Figure 75: Covered Screening Categories

13.9 Team Unit Assignments

Purpose: To note assigned surveyors and their assignments.

Fill out team unit assignments. See *Figure 76, Offsite Prep: Team Unit Assignments* and *Table 15, Team Unit Assignments Detailed Callout*.

Figure 76: Offsite Prep: Team Unit Assignments

Table 15: Team Unit Assignments Detailed Callout

No.	Description
a	Lists all survey team members
b	Type survey team members and assignments.

13.10 Finalize Offsite Prep

Note: **Finalized** is enabled for the TC when all required fields are completed.

- 13.10.1 Click **Finalize** in the top right to finalize Offsite Prep. The **Finalized** badge shows next to the **Offsite Prep** title. See *Figure 77, Finalize Offsite Prep Badge*.

Figure 77: Finalized Offsite Prep Badge

Note: Once Offsite Prep has a **Finalized** status, any additional updates to the **Offsite Prep** page return the page back to **In Progress**.

- 13.10.2 An email is automatically sent to each survey team member listed in the **Team Unit Assignments** section each time Offsite Prep is finalized.

Note: An email is sent each time Offsite Prep is finalized.

14. Entrance Conference

Purpose: To obtain the information needed from the facility immediately upon entrance.

14.1 Click **Entrance Conference** on the left menu. See *Figure 78, Entrance Conference*. The **Entrance Conference** window opens.

Entrance Conference

Information Needed From The Facility Immediately Upon Entrance

Entrance Conference Date and Time

🕒 05/19/2026 5:03 PM [Edit Date and Time](#)

☐ Census number

☐ An alphabetical list of all residents (note any resident out of the facility).

☐ Name of facility staff responsible for Infection Prevention and Control Program.

Entrance Conference

Figure 78: Entrance Conference

Notes:

- Only the TC can edit the Entrance Conference section.
- Each Entrance Conference section is separated by time.
- Click **Edit Date and Time** to edit or update Entrance Conference date and time. There is no save button; information updates immediately.
- Date and time can be future dated.
- The date and time stamp indicate the time that the information must be completed.
- Certain boxes, when checked, require attachments. See [Letters, Notes, and Attachments User Manual](#), to review how to upload an attachment.

14.2 Complete the following information immediately upon entrance. See *Figure 79, Entrance Conference: Information Needed Immediately Upon Entrance*.

Information Needed From The Facility Immediately Upon Entrance

Entrance Conference Date and Time
🕒 05/19/2026 5:03 PM [Edit Date and Time](#)

☐ Census number

☐ An alphabetical list of all residents (note any resident out of the facility).

☐ Name of facility staff responsible for Infection Prevention and Control Program.

Entrance Conference

☐ Conduct a brief Entrance Conference with the Administrator. Ask the Administrator to make the Medical Director aware that the survey team is conducting a survey. Offer an opportunity to the Medical Director to provide feedback to the survey team during the survey period if needed.

☐ Information regarding full time DON coverage (verbal confirmation is acceptable).

☐ Signs announcing the survey that are posted in high-visibility areas.

☐ A copy of an updated facility floor plan, including COVID-19 observation and COVID-19 units, and all specialty units (e.g., rehab, memory care, certified ESRD unit).

Figure 79: Entrance Conference: Information Needed Immediately Upon Entrance

14.3 Complete the following information within one hour of entrance. See *Figure 80, Entrance Conference: Information Needed Within One Hour of Entrance*.

Information Needed From Facility Within One Hour Of Entrance 05/19/2026 6:03 PM

☐ Schedule of Medication Administration times.

☐ The actual working schedules for all staff, separated by departments, for the survey time period.

☐ List of key personnel, location, and phone numbers

☐ Completed matrix (CMS 802) for all residents. Refer to the Matrix Instructions (on the back of the form) for definitions. The TC will confirm the matrix was completed accurately.

For smaller facilities (1-30 beds), immediately identify residents in the following categories:

- fall with major injury (FMI) in the last 120 days,
- current Stage 3, 4, or unstageable pressure ulcer not present on admission,
- tube feeding with weight loss or dehydration in the last 180 days,
- current dialysis, hospice, and ventilator, and
- current facility acquired transmission-based precautions with the infection identified.

☐ Provide each surveyor with access to all resident electronic health records – do not exclude any information that should be a part of the resident's medical record. Provide specific information on how surveyors can access the EHRs outside of the conference room. Please complete the attached form on page 2 which is titled "Electronic Health Record Information."

☐ QAA committee information (name of contact, names of members and frequency of meetings).

Figure 80: Entrance Conference: Information Needed Within One Hour of Entrance

14.4 Complete the following information within 24 hours of entrance. See *Figure 81, Entrance Conference: Information Needed Within 24 Hours of Entrance*.

Information Needed From Facility Within 24 Hours Of Entrance 05/20/2026 5:03 PM

☐ Completed Medicare/Medicaid Application (CMS-671).

Figure 81: Entrance Conference: Information Needed Within 24 Hours of Entrance

15. Team Meeting

Purpose: A communication tool that allows the entire team to review areas of concern and check the status of the assigned work.

Notes:

- All members of the survey team have access.
- Only the TC has the ability to edit. Other team members have view only access.
- TC updates may not be seen in real time. Refresh the screen to view updated information.
- There are two tabs in **Team Meeting**: [Initial Pool](#) and [Investigation](#).

Click **Team Meeting** on the left menu under **Survey Prep**. The **Team Meeting** window opens with **Initial Pool** and **Investigation** tabs. See *Figure 82, Team Meeting*.

Figure 82: Team Meeting

15.1 Team Meeting - Initial Pool Tab

Purpose: To view residents in the initial pool and verify that the residents have been screened for the survey.

Notes:

- Surveyors can use the Initial Pool area in [Resident Manager](#) to access the **Interview**, **Observation**, and **Record Review** screens to document comments and enter responses for care areas for each resident.
- The information in **Initial Pool** tab is pre-populated.
- All columns can be sorted. Click the caret next to the column header.

Click the **Initial Pool** tab to view **Initial Pool** information. See *Figure 83, Initial Pool Information, part 1 of 2*, and *Figure 84, Initial Pool Information, part 2 of 2*.

16. Resident Manager

Purpose: Displays all the residents in the facility.

Notes:

- Residents with MDS indicators are displayed five business days from the survey **Start Date** when there is MDS data.
- Residents that are system-selected for screening during the survey have an Initial Pool status of **Screen (S)** and display an **Offsite** badge below the resident name.
- If there are no residents available or it is more than 5 business days prior to the survey **Start Date**, a message is displayed in place of the resident list. See *Figure 86, No Residents Found* and *Figure 87, Residents Will Be Available 5 Business Days Prior to Survey Start Date*.

Figure 86: No Residents Available

A screenshot of a user interface box. It contains a single line of text: "Residents will be available 5 business days prior to the Survey Start Date."

Figure 87: Residents Will Be Available 5 Business Days Prior to Survey Start Date

- Residents can be added by surveyors when there is no MDS data for the facility.
- All columns with carets can be sorted. Click the column name to sort.
- See [MDS Information](#) for detailed information on viewing MDS assessment information.

16.1 Resident Manager Overview

Click **Resident Manager** on the drop-down left menu under **Initial Pool**. The **Resident Manager** window opens with **All Residents** and **My Residents** tabs. See *Figure 88, Resident Manager* and *Table 16, Resident Manager Detailed Callouts*.

The screenshot shows the Resident Manager interface. On the left is a navigation menu with sections: Survey 3327DE-H1, Basic Information, Responsible Staff, Manage Tasks, Teams, LTCSP-RBS, Survey Prep, Initial Pool (containing 'Resident Manager'), Finalize Sample, Investigation, Resources, Citations, Statement of Deficiencies, ePOC, Informal Dispute Resolution, Independent Informal Dispute Resolution, and Plan of Correction. The main area has a 'Confirm Survey Data' banner, a 'Resident Manager' header, and tabs for 'All Residents' (44) and 'My Residents' (2). Below the tabs are search and filter options. A table lists residents with columns for IP, Resident, Room, MDS Indicators, BIMS, RI, RO, RR, Admit Date, and Surveyor. A right-hand sidebar shows various metrics like 'Offsite selected resident', 'Active intake', 'Ombudsman concern', 'Pressure Ulcer', and 'Fall with major injury'.

Callout Letters:

- a**: Confirm Survey Data banner
- b**: Intakes: 0
- c**: Add New Resident button
- d**: All Residents tab
- e**: My Residents tab
- f**: Search Residents input
- g**: Hide Completed Residents checkbox
- h**: Filter By dropdown
- i**: Resident Manager link in left menu
- j**: IP column header
- k**: Resident column header
- l**: Room column header
- m**: MDS Indicators column header
- n**: BIMS column header
- o**: RI column header
- p**: RO column header
- q**: RR column header
- r**: Admit Date column header
- s**: Surveyor column header
- t**: Offsite selected resident metric
- u**: Active intake metric

Figure 88: Resident Manager

Table 16: Resident Manager Detailed Callout

No.	Section Detail	Description
a	Confirm Survey Data	The Initial Pool cannot be started until the TC confirms the Regulation Set , Survey Start Date , and Survey Team members are correct. Click Confirm once verified.
b	Resident Summary	Displays: • The count of Initial Pool residents for the logged in surveyor. • The count of Initial Pool residents for all surveyors on the team. • The count of residents with a Complaint and/or FRI intake badge.
c	Add New Resident	Add a new admission resident to the list. See Add a New Resident .
d	All Residents	This is the default page and shows all residents in the facility
e	My Residents	Click this tab to see the surveyor's residents. The residents are shown when the surveyor is both primary and nonprimary.
f	Search Residents	Search residents in list by name, room number, resident ID
g	Hide Completed Resident	Hide all residents who are completed (check marks in RI, RO, RR columns)
h	Filter By	All, All Current Sample Residents, Complaint, Discharged, FRI, New Admission, Offsite Selected
i	Checkboxes	Checkboxes are to bulk assign surveyors .

No.	Section Detail	Description
j	IP (Initial Pool)	Offsite Badge Y Yes. Resident was included in the Initial Pool. N No. Resident was not included in the Initial Pool. S Screen. Residents that are set to screen. This is the default value. No Offsite Badge U Unknown. Default setting. Resident are not included in the Initial Pool. N No. Residents are not included in Initial Pool. S Screen for non-offsite residents. Y Yes. Resident are included in Initial Pool.
k	Resident	Name of the resident and their ID.
l	Room	Resident's Room Number
m	MDS Indicators	Related MDS indicators, if applicable, for residents in a recertification survey. Can also be used for initial certification surveys.
n	BIMS	The Brief Interview for Mental Status score
o	RI	Completion status in initial pool for interview
p	RO	Completion status in initial pool for observation
q	RR	Completion status in initial pool for record review
r	Admit Date	The date the resident was admitted
s	Surveyor	Surveyor or Surveyors assigned to the resident. A (P) indicates the Primary Surveyor. See Multiple Surveyors .
t	Action	Drop-down menu with two selections: Update Resident or Discharge Resident . See Update a Resident and Discharge a Resident for further details.

No.	Section Detail	Description
u	Blue Badges	The blue badges under the resident's name give further information about the resident: Complaint The resident is associated with a complaint intake in Offsite Prep or is linked to a complaint that will be investigated on the survey. Discharged The resident has left the facility. FRI The resident is associated with an incident intake in Offsite Prep or is linked to an incident that will be investigated on the survey. Investigate The resident is linked to an intake with Initial Pool Care Areas, has been marked FI for a Care Area(s), and/or has been marked for Harm/Immediate Jeopardy. New Admission The Resident is a new admission. Offsite The resident was system-selected as part of the offsite sample. Ombudsman Selected by Ombudsman and requires that care area be completed.
v	Screening menu	This shows how many residents have the screening reason for each category.

16.2 Add a New Resident

- 16.2.1 Click **Add New Resident**. See *Figure 89, Add New Resident*. The **Add New Resident** pop-up window opens. See *Figure 90, Add New Resident Pop-Up Window*.

Figure 89: Add New Resident

A screenshot of the 'Add New Resident' pop-up window. The window has a title bar with 'Add New Resident' and a close button. Below the title bar, there is a legend: '* indicates required field'. The form contains several fields: 'First Name *', 'MI', 'Last Name *', 'Room', 'Admit Date' (with a calendar icon and 'MM/DD/YYYY' format), 'Surveyor' (a dropdown menu showing 'NH_SAGU_Admin_NY_Singy'), and 'Resident in Initial Pool?' (a dropdown menu showing 'Screen'). Below these is a 'Select Screening Reason *' field with a dropdown arrow. At the bottom left is a checkbox labeled 'Add Another Resident After Save'. At the bottom right are 'Cancel' and 'Save' buttons. A red arrow points from the 'Resident in Initial Pool?' dropdown to the 'Select Screening Reason' dropdown. Another red arrow points from the 'Select Screening Reason' dropdown to a list of screening reasons. The list includes: Dialysis, Fall with major injury, Hospice, New/worsened S3 or S4 pressure ulcer, New/worsened unstageable pressure ulcer, Other, Serious observation concerns, TBP, Tube Feeding with wt loss and/or dehydration, and Vent.

Figure 90: Add New Resident Pop-Up Window

- 16.2.2 Fill out the required information.

Note: When **Resident in Initial Pool** is set to **Screen**, the **Select Screening Reason** field opens. Select a screening reason from the drop-down menu.

- 16.2.3 Click the checkbox **Add Another Resident After Save** to add multiple new admission residents, and the window remains open until all residents have been added.

16.3 Update a Resident

Notes:

Surveyors can:

- Update most fields
- Select the **Subgroup** checkbox when a resident is associated with a complaint or FRI that will be investigated with the survey when it does not display in Offsite Prep. The intake badge is then added to the resident in the resident list.

16.3.1 Click **Update Resident** under the **Actions** menu next to the resident to be updated. See *Figure 91, Update Resident*. The **Update Resident** pop-up window opens. See *Figure 92, Update Resident Pop-Up Window*.

16.6 Admit a Resident

Notes:

- A resident can only be admitted prior to [Finalize Sample](#).
- The primary surveyor is the only surveyor who can admit the resident.
- When an offsite selected resident is admitted, the resident is added back to the Initial Pool and the value is **S**, or Screen.
- When a non-offsite selected resident is admitted, the resident Initial Pool value is set as **U**, or Unknown.

16.6.1 Click **Admit Resident** under the **Actions** menu to admit a resident. See *Figure 100, Admit Resident*.

PENA, AMY (8) Discharged	6078704 6	Trach, Wt loss, Maj Infection (+3 more)	13	—	—	—	05/24/2024		Actions Update Resident Admit Resident
PETERSON, ADELE (4) Offsite	60787061	Hospice, Dialysis, Trach (+3 more)	13	—	—	—	05/24/2024

Figure 101: Admitted Resident

16.7 Multiple Surveyors

Review *Table 17, Primary and Non-Primary Surveyor Roles* for more details on privileges.

Notes:

- More than one surveyor can be assigned to a resident in **Resident Manager**.
- One surveyor must be designated as the primary surveyor.
- The primary surveyor is the only surveyor who can change the Initial Pool value or discharge/admit the resident.
- Any survey team member can assign surveyors to a resident or change the primary surveyor.
- Surveyors can be unassigned from a resident if they do not have Initial Pool data and are not the primary surveyor.

Table 17: Primary and Non-Primary Surveyor Roles

	Primary Assigned surveyor	Non-primary assigned surveyor
Change the Initial Pool value for a resident with an assigned surveyor	X	
Change the primary surveyor assigned to a resident	X	X
Delete a new admission resident with an assigned surveyor	X	
Discharge or admit a resident with an assigned surveyor	X	
Update a resident	X	X

16.8 Bulk Assign Surveyors

Note: Multiple residents may be assigned to one surveyor in a bulk action.

16.8.1 Click the checkbox to the left of a resident. The **Assign** field opens with a drop-down menu of available surveyors. See *Figure 102, Bulk Assign Surveyors*.

Figure 102: Bulk Assign Surveyors

16.8.2 Select the surveyor to be assigned to the resident. A **Confirm Assignment** pop-up window opens. See *Figure 103, Confirm Assignment*.

Note: If the resident is already assigned to a surveyor, the selected surveyor is added as an additional surveyor.

Figure 103: Confirm Assignment

16.8.3 Click **Yes**.

16.8.4 Verify the surveyor was added in the column under **Surveyor**.

17. Resident Initial Pool Screening

Purpose: To screen residents to include in the Resident Initial Pool.

Notes:

- Surveyors can use the Resident Initial Pool Screening area in [Resident Manager](#) to access the **Interview**, **Observation**, and **Record Review** screens to document comments and enter responses for care areas for each resident.
- Surveyors can hide completed residents from the resident list when all Initial Pool Areas are completed.
- The completion status for the Resident Initial Pool screening areas is also displayed on the [Update Resident](#) screen. It is not editable to surveyors from the **Update Resident** screen.
- See [MDS Information](#) for detailed information on viewing MDS assessment information.

17.1 Resident Initial Pool Screening Overview

Click any resident in [Resident Manager](#) to screen the resident. The detailed resident page opens. See *Figure 104, Resident Overview* and *Table 18, Resident Overview Detailed Callout*.

The screenshot displays the 'Resident Overview Initial Pool' interface. At the top, a pink notification bar (a) states: 'You haven't completed 2 Ombudsman Care Areas: Activities, Participation in Care Planning'. Below this, the header bar (b) shows the resident's name 'FEDERER, ROGER (14)' and tabs for 'Complaint' and 'Ombudsman'. A table (c) lists resident details: Room, Admit Date (05/01/26), BIMS (13), and MDS Indicators (AC w/Bleed). To the right, there are dropdowns for 'Interview Status' (c) and 'Include in sample due to' (d), along with a 'Completed' checkbox (e) and a 'Weight Calc.' button (f). Below the header, a navigation bar (g) includes 'Interview', 'Observation', and 'Record Review' tabs. To the right of these are links for 'MDS Assessment' (n), 'View Intakes' (o), and 'View Ombudsman' (p). A search bar (j) and filters for 'Additional Care Areas' (k), 'Hide All Probes' (l), and 'Show Only My Notes' (m) are located below the navigation bar. On the far right of this section are 'Expand All' (q), 'Collapse Completed' (r), and 'Jump to Care Area' (s) buttons. The main content area is divided into sections: 'Activities' (t) with 'View Complaint' and 'View Ombudsman' links, and 'Dignity'. Each section contains radio buttons for 'Further Investigation' and 'No Issues/NA', followed by a text area for notes. The 'Activities' section includes a question about enjoyable activities and a note about marking as 'No Issues'.

Figure 104: Resident Overview Initial Pool

Table 18: Sample Resident Initial Pool Detailed Callout

No.	Section Detail	Description
a	Ombudsman Note	Notification banner reminds the user to complete the care area. The banner is removed once the care area is selected. i.e., FI , No Issue , NA for the Ombudsman-selected care area.
b	Header	Resident Information from Resident Manager
c	Interview Status	Select: Interviewable, Non-Interviewable, Refused, Unavailable for Interview, Out of Facility, Representative Interview
d	Include in Sample	Harm/Immediate Jeopardy
e	Completed	Mark the Interview area complete. All care areas do not have to be marked with response options to mark the interview complete.
f	Weight Calculator	Helps calculate the percentage of weight gain or loss from information entered. Type weights in calculator. Click Save . Then click the weight calculator icon in care area notes to paste the value in the care area notes area. See Care Area Notes .
g	Interview	For more information, review Resident Interview
h	Observation	For more information, review Resident Observation
i	Record Review	For more information, review Resident Record Review
j	Search Care Areas	Start typing the care area name and a list appears. Click the care area name to jump to that care area on the screen.
k	+ Additional Care Areas	Shows Additional Care Areas that can be added. Note: Once a response option is recorded for a Care Area, it cannot be removed from the Additional Care Areas list. Remove the response option first to remove the Care Area.

No.	Section Detail	Description
I	Hide All Probes	Probe text is hidden by default. Uncheckbox to view text. Probe text provides guidance that surveyors can reference when conducting interviews, observations, and record reviews.
m	Show Only My Notes	All surveyors' care area notes are viewable by default. To only show the notes of the surveyor who is logged in, check Show Only My Notes checkbox.
n	MDS Assessment	For more information, review MDS Assessment
o	View Intakes	Opens Active Intakes pop-up window
p	View Ombudsman	Opens Ombudsman Concerns pop-up window
q	Expand All	Expands all care areas to view details
r	Collapse Completed	Collapses completed care areas
s	Jump to Care Area	Opens Care Area right menu.
t	Add Notes	For more information, review Care Area Notes

17.2 Care Area Menu

Note: The care area menu has 3 separate tabs: **(RI) Interview**, **RO (Observation)**, **RR (Record Review)**. A filled green circle indicates the surveyor has entered a response option for the care area. Click any tab to look at care areas for interview, observation or record review.

Click **Jump to Care Area** to open the care area menu. See *Figure 105, Jump to Care Area*. The **Care Area** side menu opens. See *Figure 106, Care Areas Side Menu* and *Table 19, Care Areas Side Menu Detailed Callout*.

Note: The **Nutrition** Care Area has an additional question when the response is **FI**: **Should this concern be investigated with the Dining Observation task?** Mark **Yes** to trigger the **Dining Observation** task.

Figure 105: Jump to Care Area

Table 19: Care Areas Side Menu Detailed Callout

No.	Section Detail	Description
a	RI Interview	Resident Interview tab with care areas.
b	RO Observation	Resident Observation tab with care areas.
c	RR Record Review	Record Review tab with care areas.
d	Thumbtack icon	Click to pin the menu to the side of the screen. Click again to unpin.
e	X	Click to close window
f	Sort AZ	Click to sort the care areas by alphabetical order.
g	x Close Care Areas	Click to close menu

17.3 Care Area Notes

Notes:

- Care area notes default to read only.
- Surveyors can edit their own notes and add additional notes.
- All surveyors' care area notes are viewable by default. Check **Show Only My Notes** checkbox to show only the notes of the surveyor who is logged in. See [Resident Initial Pool Screening Overview](#) for more details.

17.3.1 Click **Add Notes**. See *Figure 107, Care Area Notes Icon*. The care area splits into two columns. See *Figure 108, Care Area Notes* and *Table 20, Care Area Notes Detailed Callout*.

Note: The left column displays the response options and probe text (when **Hide All Probes** is unchecked). The right column displays a text area with a tool bar.

Figure 107: Care Area Notes Icon

Figure 108: Care Area Notes

Table 20: Care Areas Side Menu Detailed Callout

No.	Description
a	Care area. Click Further Investigation or No Issues/NA and respond to questions in the text area.
b	Standard toolbar functions Highlighted specialty toolbar functions: • Add date/time stamp • Add Resident ID • Calculator Type weights in Weight Calculator . Click Save . Then click the weight calculator icon to paste the value in the notes.
c	Horizontal ellipsis. Click to open second row of formatting choices. Click again to close row.
d	Text area. Type/view care notes.
e	Close Notes

17.3.2 Click **Close Notes** to close notes. Notes appear under the care area. See *Figure 109, Care Area Entered Notes*.

Notes:

- Notes are saved automatically.
- The surveyor and date/time stamp for last saved are displayed at the bottom of the note. To review the note or additional notes, click **Add Notes**. Click the time icon to add an additional time/date when the notes are not written at the same time.

Activities

View Complaint

View Ombudsman

INTERVIEW

☒ Further Investigation ☐ No Issues/NA

Are there any times during the week such as evenings or weekends when enjoyable activities are missing at the facility? If yes, which activities are missing?

NOTE: If the resident answer "No" or if a resident says they don't care to participate in the activities, then mark activities as No Issues.

OBSERVATION

☐ Further Investigation ☒ No Issues/NA

Only complete for residents who aren't interviewed:

Does the resident remain in the same location for a long period of time without any stimulation?

NHCS_Singy_NY_Pat (28961) - 05/21/2026 5:22 PM

05/21/2026 5:22 PM Resident #14 complains that he is not allowed to play tennis

Figure 109: Care Area Entered Notes

17.4 Minimum Data Set (MDS) Discrepancy

Notes:

- The Resident Assessment is triggered at start sample finalization and the resident is added at that time, if Resident Assessment has not been triggered and there are residents who are marked with MDS Discrepancy and is not Further Investigation (FI).
- The resident is automatically added to Resident Assessment if the facility task is triggered for a linked Intake or manually initiated prior to final sample, when a care area is marked as an MDS Discrepancy and is not FI.
- See [MDS Information](#) for detailed information on viewing MDS assessment information.

Click the checkbox next to **MDS Discrepancy** when a care area has an MDS discrepancy during interview, observation, or record review. See *Figure 110, MDS Discrepancy Checkbox*.

Note: Only care areas mapped to an MDS indicator have an **MDS Discrepancy** checkbox.

Figure 110: MDS Discrepancy Checkbox

17.5 Surveyor Assignment

Purpose: To assign multiple surveyors on the survey team to the resident.

The assigned surveyor can perform the following tasks in the Initial Pool area. See *Table 21, Assigned Surveyor Roles*.

Note: Surveyors not assigned to the resident view the Initial Pool area in read only mode.

Table 21: Assigned Surveyor Roles

Task	Primary Assigned Surveyor	Non-primary Assigned Surveyor
Mark a resident with Harm/IJ	X	X
Mark Interview, Observation, or Record Review Complete	X	X
Mark the care area response options for Interview, Observation, Record Review	X	X
Edit care areas marked with FI (original surveyor only)	X	X
Edit the MDS Discrepancy (original surveyor only)	X	X
Edit an Additional Care Area that has no response options. Only the original surveyor can edit the Additional Care Area that has a response.	X	X
Edit own comments for a care area	X	X
Edit the Initial Pool status indicator to any option	X	
Edit the Interview Status to any option	X	
Edit the interview Status to Representative Interview only	X	X

17.6 Include a Resident in Initial Pool

Note: The initial pool status selector can only be changed by the primary surveyor.

- 17.6.1 Click **Initial Pool** status to change the initial pool status for a resident to yes. See *Figure 111, Initial Pool Status*. The **Initial Pool** status window pops up.

Note: The initial pool status can be selected wherever it is found on the screen. The figure below is one example where the status is found.

Figure 111: Initial Pool Status

- 17.6.2 Select the radio button next to **Yes**. See *Figure 112, Initial Pool Status Change*.

Figure 112: Initial Pool Status Change

Note: Offsite-selected residents show MDS indicators. See *Figure 113, Initial Pool Status Change with MDS Indicators*.

Figure 113: Initial Pool Status Change with MDS Indicators

17.6.3 Select **Screening Reason** from drop-down menu.

Note: Reasons that have a lock icon cannot be removed from **Screening Reason**.

17.6.4 Click **Save**.

17.6.5 Verify the initial pool status is now **Y**.

17.7 Resident Interview

Notes:

- The **Interview** tab is the default tab.
- If a care area was added under **Intakes** or **Ombudsman** in **Offsite Prep** and the care area is not a default for the resident, the system automatically selects and displays that care area in the Initial Pool.
- Click **+ Additional Care Areas** to add additional care areas.
- Check **Completed** marks the **Interview** tab with a green check mark. See *Figure 114, Interview Tab Completed*.

Figure 114: Interview Tab Completed

17.7.1 Edit the Care Areas.

Select an interview status to edit the **Interview** tab. The care area responses become editable. See *Select Interview Status* figure below.

No Issues/NA (NI): Marks the care area with a green check mark.

NA: Dialysis, smoking, hospice, ventilator, and transmission-based precautions care areas have a separate NA option.

Further Investigation (FI): Marks the care area with a yellow circle with an exclamation point inside. See *Figure 115, Further Investigation Indicator*.

Figure 115: Further Investigation Indicator

Notes:

- Care Area response options are disabled until the Initial Pool status is **Yes**.
- Answer **FI** and **Yes** for the **Nutrition** care area to trigger the **Dining Observations** task.
- The system displays a red notification banner when an Ombudsman-identified concern is added in Offsite Prep.
- Care areas shared by **Interview** and **Observation** are combined and displayed on the **Interview** tab. See *Figure 116, Select Interview Status*.

The screenshot shows the Marvin, Torrey (7) Offsite interface. At the top, there's a header with the resident's name and 'Offsite' status. Below this, there are tabs for 'Interview', 'Observation', and 'Record Review'. The 'Interview' tab is active. A dropdown menu for 'Interview Status' is open, showing options: Interviewable (selected), Non-Interviewable, Refused, Unavailable for Interview, Out of Facility, and Representative Interview. A red box highlights the 'Choices' and 'Activities' sections in the main form area. The 'Choices' section has a radio button for 'Further Investigation' and a radio button for 'No Issues/NA'. The 'Activities' section has two radio buttons for 'Further Investigation' and 'No Issues/NA'.

Figure 116: Select Interview Status

17.7.2 Resident Representative Interview.

17.7.2.1 Change the **Interview Status** to **Representative Interview** when a resident is noninterviewable, but a representative is available.

17.7.2.2 Click **RRI Contact**. See *Figure 117, RRI Contact*. The **RRI Contact Info** opens.

The screenshot shows the 'Interview Status' dropdown menu. The 'RRI Contact' button is highlighted with a red box. Below the dropdown, the text 'Representative Interview' is visible.

Figure 117: RRI Contact

- 17.7.2.3 Type the contact information for the resident representative in the pop-up window. See *Figure 118, RRI Contact Info Pop-Up Window*.

A screenshot of a web application pop-up window titled "Torrey Marvin (126323) - RRI Contact Info". The window has a close button (X) in the top right corner. Inside the window, there is a section labeled "Contact Info" which contains a text input field with the following text: "Joseph Torrey", "123 Main St", and "Marion, OH". Below the input field, there is a blue "Save" button. A red arrow points from the input field towards the "Save" button.

Figure 118: RRI Contact Info Pop-Up Window

- 17.7.2.4 Click **Save**.
- 17.7.2.5 The RRI contact icon appears next to the **RRI Contact** link. See *Figure 119, RRI Contact Icon*.

Note: The icon shows that there is an RRI contact. Hover over the icon to see the contact information.

Figure 119: RRI Contact Icon

- 17.7.2.6 Click **RRI Contact** to edit.

17.8 Resident Observation

Notes:

- Care areas shared by **Interview** and **Observation** are combined and displayed on the **Interview** tab.
- The care areas unique to Observation only display on the **Observation** tab.
- Click **+ Additional Care Areas** to add additional care areas.
- Mark the **Observation** tab **Completed** marks the **Observation** tab with a green check mark. See *Figure 120, Observation Tab Completed*.

Note: All care areas do not have to be marked with response options to mark the Observation **Completed**.

Figure 120: Observation Tab Completed

Click the **Observation** tab to view the care areas specific to Observation.

Note: The **Initial Pool** status must be **Y** (Yes) to edit the Observation.

17.9 Resident Record Review

Notes:

- Mark the **Record Review** tab **Completed** marks the **Record Review** tab with a green check mark. See *Figure 121, Record Review Tab Completed*.
- All care areas do not have to be marked with response options to mark the Record Review complete.

Figure 121: Record Review Tab Completed

Click the **Record Review** tab to view the care areas specific to Record Review.

Notes:

- The **Initial Pool** status must be **Y** (Yes) to edit the Record Review.
- The system selects FI when a medication is selected from the drop-down menu.
- The **High Risk Meds** care area is only available/visible for New Admission residents.

18. Finalize Sample

Purpose: To finalize the sample of residents once observations, interviews and records have been reviewed.

Note: The tabs display data gathered from the initial pool process and provides the survey team with information to help choose residents to include in the sample for investigation.

18.1 Click **Finalize Sample** on the drop-down left menu under **Initial Pool**. The **Finalize Sample** window opens to the **Current Sample Candidates** tab. See *Figure 122, Finalize Sample Candidates* and *Table 22, Finalize Sample Candidates Detailed Callout*.

Notes:

- Only the TC can edit the **Finalize Sample** page.
- Actions are disabled until **Start Sample Finalization** is selected.

Figure 122: Finalize Sample Candidates

Table 22: Finalize Sample Candidates Detailed Callout

No.	Detail	Description
a	All Residents	All available residents
b	Current Sample Candidates	Current residents in the sample
c	Final Sample	Final residents chosen
d	Start Sample Finalization	Click to start sample finalization.
e	Finalize Sample	Click to complete task
f	Search Residents	Search list of residents
g	Filter by IP Surveyor	Filters by surveyor. View drop-down list to select surveyor.
h	Expand All	Click checkbox to expand information for all residents
i	Close Care Areas	Care Areas are open by default. Click to close. Click Jump to Care Area to open (shown when Care Areas is closed)
j	Resident Detail	Resident detail is open by default. Click caret to close. Review the care areas under investigation. Links are clickable, but no information can be modified.
k	View Intake	Click to view intake details
l	Actions	Click to Update Resident or Modify Care Areas

18.2 Click the checkbox next to **Start Sample Finalization**. The **Finalize Sample** page is then enabled, and samples can be reviewed.

Note: The badges next to each care area show whether the care area is associated with a facility task, is a COMP, Ombudsman, or whether the resident was system-selected.

18.3 Click any care areas that are linked to view notes. See *Figure 123, Care Area Detailed Information*.

Figure 123: Care Area Detailed Information

Notes:

- Click **Copy notes to** to copy notes to another care area.
- Click **Change TBP to NA** to change the response to N/A.
- Not all care areas have the same details available on the pop-up windows.

18.4 Click a green **Y** response to change it to an **N** response. If there are not enough patients in the sample, a warning window opens stating that there are not enough residents in that area. It is still possible to remove the response by providing a rationale. **Select Yes, Remove**. See *Figure 124, Remove a Resident Care Area*.

Figure 124: Remove a Resident Care Area

- 18.5** Click the **Actions** menu to **Update Resident** information or **Modify Care Areas**.
- 18.6** Click **Finalize Sample**.
- 18.7** Verify the blue notification banner confirms the sample was finalized. See *Figure 125, Sample Successfully Finalized Blue Notification Banner*.

Figure 125: Sample Successfully Finalized Blue Notification Banner

19. Investigation Assignments

Purpose: To provide a snapshot of how the work is distributed among the team members. It is used to help balance the survey team's workload.

Notes:

- Only the TC can update Investigation Assignments.
- Multiple Surveyors can be assigned to a row.
- A Primary Surveyor must be selected for **Facility Tasks Dining Observation, Infection Control, and Sufficient and Competent Nurse Staffing**.
- Surveyors with drawings, responses, Investigation Notes, observations, or manually-added residents cannot be removed from an Investigation Area.
- Surveyors with drawings, responses, notes, observations, or manually added residents cannot be removed from a Facility Task.
- Investigative areas that have no residents with those specific concerns do not show on the list.
- Mandatory tasks always appear in the list.
- Changes made in Investigation Assignments are reflected in Facility Tasks.

19.1 Navigate to Investigation Assignments

Click **Assignments** on the drop-down left menu under **Investigation**. The Investigation Assignments window opens. See *Figure 126, Investigation Assignments* and *Table 23, Investigation Assignments Detailed Callout*.

Note: Columns are sortable.

Note: Be aware that a selected surveyor may be overriding a current surveyor when an investigative area was already assigned.

Confirm Assignment

Do you wish to assign the investigation areas below to: [Surveyor Name]? The selected Surveyor(s) will be overwritten by the new Surveyor(s) selected for the following resident(s).

No Yes

Figure 130: Confirm Assignment Pop-Up Window

19.3.4 Click **Yes**.

19.3.5 Verify a green task banner confirms the surveyor was updated. See *Figure 131, Facility Task Surveyors Green Notification Banner*.

Figure 131: Facility Task Surveyors Green Notification Banner

20. Facility Tasks

Purpose: To guide the investigation with mandatory and triggered tasks.

20.1 Facility Tasks Overview

There are two types of facility tasks: Mandatory and Triggered.

- Only **Infection Control** is a Mandatory Task
- All tasks are Triggered Tasks for RBS with the exception of **Infection Control**.
- Triggered Tasks are displayed when any one of the following occurs:
 - A surveyor manually initiates a triggered task
 - The triggered task is linked to an intake in offsite prep
 - Tasks are triggered for Ombudsman concerns
 - A resident with FI for a Care Area can trigger these tasks at final sample
- **Areas of Investigation**

The **Dining Observation, Sufficient and Competent Nurse Staffing, Environment, and Med Storage and Observation** tasks include **Areas of Investigation**.

Click a task to open **Select Investigation Areas** pop-up window. For an example, see *Figure 132, Dining Observation Select Investigation Areas Pop-Up Window*.

Click the checkbox for each investigation area to add to the task.

Figure 133: Probes/CE Tab Investigative Areas

20.2 Navigate to Facility Tasks

Click **Facility Tasks** on the drop-down left menu under **Investigation**. The **Facility Tasks** window opens to the **All Tasks** tab. See *Figure 134, Facility Tasks Left Menu*.

Figure 134: Facility Tasks Left Menu

20.3 View the Facility Tasks List

The **Facility Tasks** page shows all facility tasks, assigned surveyors, including primary surveyor, if any, potential citations, and a task process bar beneath each task. See *Figure 135, Facility Tasks List* and *Table 24, Facility Tasks List Detailed Callout*.

The screenshot displays the 'Facility Tasks' page. At the top, there's a navigation bar with 'Home / Marion Manor NH / Survey 1DF843-H1' and utility icons. Below this, the 'Facility Tasks' header includes tabs for 'All Tasks' (11) and 'My Tasks' (7), and an 'Add New Task' button. The main table has four columns: 'Facility Task', 'Assigned to', 'Primary', and 'Potential Citations'. Each task row includes a progress bar and a delete icon. Callouts are placed as follows: 'a' on the 'All Tasks' tab, 'b' on the 'My Tasks' tab, 'c' on the 'Dining Observation' task's progress bar, 'd' on the 'Assigned to' dropdown, 'e' on the 'Primary' dropdown, 'f' on the 'Potential Citations' column, and 'g' on the delete icon for the 'Arbitration' task.

Facility Task	Assigned to	Primary	Potential Citations
Arbitration	NHCS_Singy, surveyor_roberts_alabama (918...		-
Beneficiary Notification	NHCS_Singy		-
Dining Observation Complaint FRI	cmsgu_jgreen, NH_Singy_Contract_Surveyor...	NHCS_Singy	F0804, F0808
Infection Control	NH_CMSGU_Singy	NH_CMSGU_Singy	-
Kitchen	NHCS_Singy		F0812
Medication Administration	NHCS_Singy, surveyor_roberts_alabama (918...		-

Figure 135: Facility Tasks List

Table 24: Facility Tasks List Detailed Callout

No.	Name	Description
a	All Tasks	This is the default page and shows all tasks for the team.
b	My Tasks	Click this tab to see the tasks assigned to the surveyor. The residents are shown when the surveyor is both primary and nonprimary.
c	Task Completion Progress Bar	Shows the task completion percentage. Hover over the line to view surveyor progress. All Surveyor Progress and Primary Surveyor Progress is shown. Each time tasks are completed by team members, progress is updated.
d	Assigned to	Shows all surveyors to whom the facility task is assigned. More than one surveyor can be selected from the drop-down menu showing all the surveyors on the team. See Assign a Surveyor to a Facility Task or Remove a Surveyor from a Facility Task for more details.
e	Primary	Shows the primary surveyor. The task is disabled when a primary surveyor is not selected.
f	Potential Citations	Lists tags related to questions with a decision of noncompliance for all assigned surveyors. Bold texted tags are tags that the surveyor cited.
g	Trashcan	Click to remove a Facility Task. Review Remove a Facility Task for details.

20.4 Assign a Surveyor to a Facility Task

20.4.1 Click the drop-down menu under **Assigned to** on the desired facility task row. All survey team members are shown in the menu. See *Figure 136, Assign a Surveyor Drop-Down Menu*.

Figure 136: Assign a Surveyor Drop-Down Menu

20.4.2 Check the box next to surveyor to be added.

Notes:

- The surveyor can only add themselves to the task. Only the TC can add other surveyors.
- The **All** selection on the drop-down menu shows only for the TC.

20.4.3 Verify the green notification banner appears. See *Figure 137, Facility Task Surveyors updated successfully*.

Figure 137: Facility Task Surveyors updated successfully

20.4.4 Does the task require a primary surveyor?

Note: These tasks require a primary surveyor:

- Dining Observation
- Infection Control
- Sufficient and Competent Nurse Staffing

If yes, select a primary surveyor from the drop-down menu under **Primary**. Only the TC can select a primary surveyor. If no primary surveyor is required, no field appears under **Primary**.

20.4.5 Verify the green notification banner appears. See *Figure 138, Facility Task Staff ID updated successfully Notification Banner*.

Figure 138: Facility Task Staff ID updated successfully Notification Banner

20.5 Remove a Surveyor from a Facility Task

20.5.1 Click the drop-down menu under **Assigned to** on the desired facility task row. All survey team members are shown in the menu.

20.5.2 Uncheck the box next to surveyor to be removed.

Notes:

- The surveyor can only remove themselves from the task. Only the TC can remove other surveyors.
- Only surveyors without data on the specific Facility Task can be removed from that task.
- The **All** selection on the drop-down menu shows only for the TC.

20.5.3 Verify the green notification banner appears. See *Figure 139, Facility Task Surveyors updated successfully Notification Banner*.

Figure 139: Facility Task Surveyors updated successfully Notification Banner

20.6 Add a Facility Task

Note: Tasks that require a [primary surveyor](#) are disabled until the primary surveyor is added.

- 20.6.1 Click **+ Add New Task** to add a new task. See *Figure 140, Add New Task*. The **Select One or More Task(s)** pop-up window opens.

Figure 140: Add New Task

Note: **+ Add New Task** clickable link only appears when all the available tasks are not on the **All Tasks** page.

- 20.6.2 Select one or all tasks from the drop-down menu. See *Figure 141, Select One or More Task(s)*.

Figure 141: Select One or More Task(s)

- 20.6.3 Click **Save**.
- 20.6.4 Verify green notification banner appears. See *Figure 142, Facility Task created successfully Notification Banner*.

Figure 142: Facility Task created successfully Notification Banner

20.7 Remove a Facility Task

Notes:

- Only the TC can remove tasks.
- Only tasks without data can be removed.

[The task cannot be removed](#)

The trashcan is not clickable, and the black notification box opens when the task cannot be removed because it is linked to an intake or an Ombudsman concern in Offsite Prep. See *Figure 143, Task is Linked to an Intake and Cannot Be Removed*.

Figure 143: Task is Linked to an Intake and Cannot Be Removed

[The task cannot be removed until data is removed](#)

The trashcan is clickable, and a pop-up window opens that explains what needs to be done before the task can be removed. See *Figure 144, Task Contains Data and Cannot Be Removed Until Data is Removed*.

Figure 144: Task Contains Data and Cannot Be Removed Until Data is Removed

The task can be removed

- 20.7.1 Click the trash icon on the facility task line to remove the facility task. See *Figure 145, Remove a Facility Task*. The **Enter Task Removal Rationale** pop-up window opens.

Figure 145: Remove a Facility Task

- 20.7.2 Select the rationale from the drop-down menu under **Rationale**. See *Figure 146, Enter Task Removal Rationale Pop-Up Window*.

Figure 146: Enter Task Removal Rationale Pop-Up Window

- 20.7.3 Type a description, if necessary.

Notes:

- It is necessary to add a description when **Other, describe** is selected.
- **Save** is grayed out until all required fields are filled out.

- 20.7.4 Click **Save**. The task is removed from the **Facility Tasks** list.

20.8 Open a Facility Task

Click any task in the **Facility Tasks** list to open it and view details. See *Figure 147, Clickable Facility Tasks Links*. The task opens in the same window.

Figure 147: Clickable Facility Tasks Links

Notes:

- Clickable links are available in the **My Tasks** tabs as well.
- Tasks are editable only for the surveyors assigned to the task. Otherwise, the task is read-only.
- Each task has between two and four tabs. All tabs have the [Probes/CE](#) and [Use/Instructions](#) tabs. Some tasks have [Residents](#) and [Drawing Tool](#) tabs.
- The **Medication Administration** task has special callouts. Refer to the [Medication Administration](#) step for further details.
- Each task has a **View Pathway PDF** link. Some tasks have a **View Intakes [Complaint]** link or a **View Ombudsman** link. See *Figure 148, Task Tab Intakes and Pathway Links*. Click to view active intakes or the Pathway PDF.

Note: **View Intakes** and **View Ombudsman** links only display when a task is linked to an intake or Ombudsman concern in Offsite Prep.

Figure 148: Task Tab Intakes and Pathway Link

20.9 Facility Task Notes

Purpose: To document notes for each facility task during the survey.

General Notes

- Facility Task Notes are not the same as Surveyor Notes and are in addition to Surveyor Notes. Refer to [Surveyor Notes](#) in this document for further details on those notes.
- Any survey team member assigned to the task can add, edit, delete, or view a Facility Note.

Navigate to Facility Task Notes

- Facility Task Notes can only be accessed and viewed within the specific Facility Task.
- Click the Notes icon on the top right of the screen to open all Notes. The icon is located directly under the user name. See *Figure 149, Notes Icon*.

Figure 149: Notes Icon

- Facility Notes open in combination with Resident Initial Pool and Surveyor Notes. Click any tab to leave a note for that specific area. See *Figure 150, Facility Notes View*.

Notes:

- The note area that is in use has a white background.
- Initial Pool Notes are only available for Facility Tasks that have linked Care Areas.

Figure 150: Facility Notes View

- The Facility Notes default to opening on the right. Click the Facility Notes bottom menu icon to open the Facility Notes on the bottom of the page. See *Figure 151, Facility Notes Bottom Screen Icon*.

Figure 151: Facility Notes Bottom Screen Icon

- Facility Notes can be resized on the screen by dragging the left line (when the notes are on the left) or the top line (when the notes are on the bottom) of the Facility Notes panel. Hover over line until the directional arrows are shown, then drag the line in either direction.
- Notes can be left open while navigating to other RBS screens.

Create a Facility Note

- Click in the Facility Notes text area to create a note.
- A date/time stamp is automatically inserted when the surveyor starts to type in the text area when the text area is blank. Click Date/Time Stamp icon to insert date for additional notes.
- Type notes. See *Figure 152, Sample Facility Note*.

Note: The notes below are stacked. Drag the window to the left to unstack the notes. They will then be aligned horizontally

Figure 152: Sample Facility Note

- Facility Notes are autosaved.
- The **Last saved** date and time shows at the bottom of the Facility Notes. See *Figure 153, Facility Notes Last Saved Date and Time*.

Figure 153: Facility Notes Last Saved Date and Time

Custom Toolbar Functions

There are 4 custom toolbar options among the normal standard formatting options. See *Figure 154, Facility Notes Custom Toolbar Functions*.

Figure 154: Facility Notes Custom Toolbar Functions

From left to right they are:

- [View All Facility Notes](#)
- [Insert Date/Time Stamp](#)
- [Insert Resident ID](#)
- [Notes History](#)

Note: Hover over the icon to see the name of the icon.

- **View All Facility Notes**

View all team member's Facility Notes. See *Figure 155, View All Facility Notes*. Click any name to view the Facility Note.

Figure 155: View All Facility Notes

Click **My Notes** to return to the user's Facility Notes.

- **Insert Date/Time Stamp**

Insert the current date/time at the cursor placement.

- **Insert Resident ID**

Select **Resident ID** to be inserted into the Facility Notes. Multiple residents can be selected.

- **Notes History**

View a history of all autosaved Facility Notes entries. If a previously saved entry is deleted in error, it can be accessed from the Facility Notes History and copied and pasted into the current Facility Notes.

- **Help**

There is also a help icon on the toolbar which can be accessed for additional information as well as keyboard shortcuts. See *Figure 156, Facility Notes Formatting Menu*.

Figure 156: Facility Notes Formatting Menu

Note: Click the horizontal ellipsis to view the second row of formatting options.

20.10 Probes/CE Tab

Purpose: To allow the task assignee to make compliance decisions about the facility and when the facility is not in compliance, select the related tag and severity level.

Notes:

- All tasks have the **Probes/CE** tab.
- All tasks have CE questions, but not all tasks have probe text.
- Team members assigned to this task can respond to the question. All other team members have read-only access.
- This probe tab shows **Dining Observation**. Each Facility Task may look slightly different.

Answer the questions. See *Figure 157, Probes/CE Tab Example* and *Table 25, Probes/CE Tab Example Detailed Callout*.

foo 1

2 View All Surveyors 3 Expand All Probes 4 Filter All Questions

Question 5	In Compliance? 6	Tag 7	8
1. Does staff distribute and serve food under sanitary conditions?	No Yes Level 2	0812	9
9. Are residents receiving food that accommodates resident allergies, intolerances, and preferences?	No Yes	0806	
12. Does the facility serve meals that conserve nutritive value, flavor, and appearance, and are palatable, attractive, and a safe and appetizing temperature (e.g., provide a variety of textures, colors, seasonings, pureed foods not combined)?	No Yes	0804	
15. Does the facility offer an appealing option of similar nutritive value to residents who refuse food being served?	No Yes	0806	
25. Does the facility provide sufficient staff to safely and effectively carry out the functions of the food and nutrition services, including preparing and serving meals, in the scheduled time frames?	No Yes	0802	

Figure 157: Probes Tab Example

Table 25: Probes/CE Tab Example Detailed Callout

No.	Name	Description
1	Search	Search questions in list to filter to questions with the search criteria.
2	View All Surveyors	Check this box to view answers for other task assignees at the highest level of noncompliance. Probes/CE tab is read-only when viewing all surveyor answers.
3	Expand All Probes	Select to view all probe text related to the Critical Element (CE) questions, where applicable, or to expand a CE question individually with the caret.
4	Filter	Filter on All questions , Answered , and Unanswered questions.
5	Question	Each CE question for the specific mandatory task.
6	In Compliance?	Allows task assignees to make compliance decisions for CE questions. When the response is No, a severity level drop-down menu opens. Select the severity level from 1 to 4. Level 1 No actual harm with potential for minimal harm Level 2 No actual harm with a potential for more than minimal harm that is not immediate jeopardy Level 3 Actual harm that is not immediate jeopardy Level 4 Immediate jeopardy to resident health or safety
7	Tag	Click the tag and the Regulation Text/Interpretive Guidance window pops up. Select Regulation or Interpretive Guidance tabs. See <i>Figure 158, Regulation Text Tag</i> .
8	✓	A white check mark in a green circle is shown in the far right column when the question has been answered.
9	Questions	Each question, when available, can be expanded to view details of the probe. Click the caret next to the probe to expand or click the checkbox next to Expand All Probes to expand all probes. See <i>Figure 159, Expand Question</i>.

Figure 158: Regulation Text Tag

Figure 159: Expand Question

20.11 Residents Tab

Notes:

- The following tasks have the **Residents** tab:
 - Arbitration
 - Beneficiary Notification
 - Dining Observation
 - Environment
 - Infection Control
 - Personal Funds
 - QAPI and QAA
 - Resident Assessment
 - Resident Council
 - Sufficient and Competent Nurse Staffing
- The **Residents** tab in the figure below shows **Dining Observation**. Other Facility Tasks that have a **Residents** tab may look slightly different.
- The system automatically adds residents to Facility Tasks based on the following criteria:
 - Residents in the Initial Pool with Care Area FI
 - Intake for non-anonymous resident linked to the Facility Task
 - Residents in the Initial Pool with MDS Discrepancy with no concerns (Resident Assessment only)
 - Out of data MDS Assessment (Resident Assessment only)
 - F600 is cited and QAPI/QAA is triggered. If QAPI/QAA task is not triggered, no residents will be displayed.
 - Residents cannot be removed from the task by a surveyor

Review dining information. See *Figure 160, Residents Tab Example* and *Table 26, Residents Tab Example Detailed Callout*.

Figure 160: Residents Tab Example

Note: Click the arrow next to the Task name to return to the **Facility Tasks** page.

Table 26: Residents Tab Example Detailed Callout

No.	Name	Description
a	Resident	The name of the resident with Initial Pool number
b	Notes	A notes icon is shown when notes are available. It is possible to view the specific facility task notes, the resident initial pool notes and the surveyor notes. Click icon to view notes.
c	Room	Resident room number
d	Admit Date	Resident admittance date
e	Originating Initial Pool Area	The care area linked to the task where the resident was marked for FI or MDS discrepancy.
f	Added By	• Added By is the [Surveyor] who marked the resident FI when marked FI for a linked Care Area. • Added By is MDS when the resident is added for MDS data. • Added By is Initiated by [Surveyor] when the resident was manually added to the task.
g	Trashcan	Only manually-added residents can be removed. See Remove Residents from a Task for more details.
h	Intake tag	An intake tag with a clickable link is shown next to a resident when an intake is associated with that resident.

20.12 Add Residents to a Task

Purpose: To manually add a resident to a facility task.

Notes:

- The **Add Residents for Task** button is not used to add a resident to a facility or survey.
- When a resident is added to a specific task, it is valid for that task only.
- Any survey team member can add a resident to a task.
- The **Add Residents for Task** button can be viewed in:
 - Survey Prep (Offsite Prep, Entrance Conference, Team Meeting)
 - Initial Pool (Resident Manager, Finalize Sample)
 - Investigation (Facility Tasks, Investigations, Potential Citations).

20.12.1 Click the **Add Residents for Task** icon on the top right of the screen. See *Figure 161, Add a Resident for Task Icon*. The **Add Residents for Task** window opens. See *Figure 162, Add Residents for Task* and *Table 27, Add Residents for Task Detailed Callout*.

Note: It is located directly under the user name and next to the [Surveyor Notes](#) icon.

Figure 161: Add a Resident for Task Icon

20.12.2 Select the Facility Task from the drop-down menu next to **Add Residents** to field.

Notes:

- More than one Facility Task can be selected.
- The Survey Team Member who manually adds the resident is automatically added as a task assignee.

Figure 162: Add Residents for Task

Table 27: Add Residents for Task Detailed Callout

No.	Description
a	Add a Resident to one or more Facility Tasks. Select from the drop-down menu. Note: It is not necessary to select the specific task when adding a resident when the facility task is open. The facility task is automatically shown.
b	Search residents in list by name, room number, resident ID.
c	Filter on All Residents or only selected residents.
d	Check the box next to each resident to be added. More than one resident can be added at once.
e	Add a new resident , if necessary. Once the new resident is added, it is possible to select them from the resident list to add to a Facility Task.
f	Click Add [number] to set the facility task for each resident. Otherwise, click Cancel . Note: Add is grayed out until a resident is selected. The number to be added is updated when the resident is selected. For example, if five residents are selected, Add reads Add 5 .

20.12.3 Verify the green notification banner indicates the resident or residents were added successfully. See *Figure 163, Facility Task Residents Created Successfully*.

**Figure 163: Facility Task Residents Created Successfully**

20.13 Remove Residents from a Task

Purpose: To remove a resident from a specific task.

Notes:

- Only manually-added residents can be removed from a task.
- When a resident is removed from a specific task, it is valid for that task only.
- Any survey team member with edit access to the task can remove manually-added residents from a task.

20.13.1 Click the trashcan icon to the right of the resident name. See *Figure 164, Remove a Resident*. A **Yes, Remove** pop-up window opens.

Note: The trashcan must be red to be active. Grayed out trashcans mean the resident has either been system-added, or another user added the resident.

Resident	Notes	Room	Admit Date	Originating Initial Pool Area	Added By	
Able, Eve (19)		108	09/29/2023	Food, Nutrition	CSOzias (98054)	
Adams, Jane L. (29)		105	10/04/2023	Initiated by impl_Singy_Contract_Surveyor

20.14 Use/Instructions Tab

Notes:

- All tasks have the **Use/Instructions** tab.
- This **Use/Instructions** tab shows **Beneficiary Notification**. Each Facility Task may look slightly different.
- Some **Use/Instructions** tabs may have links to additional documentation. Those links are on the top right menu.

Note: **Use/Instructions** default to open.

20.14.1 Click **Use/Instructions** tab to view the use and instructions for the facility task.

20.14.2 Click the caret next to **Use** to view the use text. Click the caret next to **Instructions** to view the instructions. See *Figure 167, Use/Instructions*.

Beneficiary Notification

Probes/CE Residents 0/3 Use/Instructions View Pathway PDF

✓ Use

Beneficiary Notification Review: Complete the review for residents who received Medicare Part A Services. Medicare beneficiaries have specific rights and protections related to financial liability and the right to appeal a denial of Medicare services under the Medicare Program. These financial liability and appeal rights and protections are communicated to beneficiaries through notices given by providers. This protocol is intended to evaluate a nursing home's compliance with the requirements to notify Medicare beneficiaries when the provider determines that Medicare Part A coverage is ending or when services may no longer be covered. This review confirms that residents receive timely and specific notification when a facility determines that a resident no longer qualifies for Medicare **Part A** skilled services when the resident has not used all the Medicare benefit days for that episode. This review does not include Admission notifications or Medicare Part B only notifications.

The two forms of notification that are evaluated in this review are:

1. **Skilled Nursing Facility Advance Beneficiary Notice of Non-coverage (SNF ABN)–Form CMS-10055**, and
2. **Notice of Medicare Non-coverage (NOMNC)–Form CMS 10123**.

✓ Instructions

Entrance Conference Worksheet: The following information was requested during the Entrance Conference:

- A list of Medicare beneficiaries who were discharged from a Medicare covered Part A stay with benefit days remaining in the past 6 months prior to the survey. Exclude the following residents from this review:
 - Beneficiaries who received Medicare Part B benefits only.
 - Beneficiaries covered under Medicare Advantage insurance.
 - Beneficiaries who expired during the sample date range.
 - Beneficiaries who were transferred to an acute care facility or another SNF.

0/6 ANSWERED

Search Probes / CE ☐ View All Surveyors ☐ Expand All Probes Filter All Questions

Question	In Compliance?	Tag
> 1. Does the facility ensure that it is free of medication error rates of five percent or greater?	Yes No	F0759
> 2. Does the facility ensure that residents are free of any significant medication errors?	Yes No	F0760
> 3. Did the facility provide medications and/or biologicals and pharmaceutical services to meet the needs of the resident?	Yes No	F0755
> 4. Did the facility appropriately label and store drugs and biologicals in accordance with currently accepted professional principles?	Yes No	F0761
> 5. Did the facility implement appropriate infection prevention and control practices during medication administration including hand hygiene, injection safety and point-of-care testing?	Yes No	F0880
> 6. Did the facility meet professional standards of quality? Note: If F658 is cited, an associated tag should be cited.	Yes No	F0658

Figure 170: Medication Administration Facility Task

- b. Click the **Observations** tab to view text. See *Figure 171, Medication Administration Observation Tab*.

The screenshot displays the 'Medication Administration' interface. At the top, there are three tabs: 'Probes/CE', 'Observations' (highlighted in yellow with a red '3/10' indicator), and 'Use/Instructions'. A 'View Pathway PDF' link is located on the right. Below the tabs, four summary boxes are shown: '1 Total Number of Errors', '3 Opportunities for Errors', '33% My Error Rate', and '33% Total Error Rate'. The main observation form is titled 'NH_SAGU_Admin_NY_Singy' with a timestamp of '07/02/2026 11:43 AM' and 'Delete' and 'Edit Notes' links. It contains fields for 'RESIDENT' (Booke, Rita (51)) and 'STAFF'. Under 'MEDICATION 1', there are fields for 'MEDICATION' (trabectedin 1 MG Injection), 'ROUTE' (Intravenous (IV)), and 'QUANTITY'. Below these are checkboxes for 'CRUSHED', 'REFUSED' (checked), 'EXCLUDE', 'ERROR', and 'COMPLETED'. A 'FREQUENCY' field shows 'every day'. At the bottom, there is a '+ ADD ANOTHER MEDICATION' link.

Figure 171: Medication Administration Observation Tab

Add/Edit a Medication Observation

Notes:

- Any surveyor assigned to the task can add Medication Observations and edit their own observations.
- a. Click **+ Add Observation** to add a new Medication Observation. See *Figure 172, Add Medication Observation*. The fields clear.

Figure 172: Add Medication Observation

- b. Fill out information. See *Figure 173, Add a Medication Observation* and *Table 29, Medication Observations Detailed Callout*.

Notes:

- Select from a list or type custom information in the **Medication**, **Route**, and **Frequency** fields.
- Medication Observations are automatically saved but are not complete until specific areas are completed. See [Mark a Medication Observation Complete](#).
- Medication Observations increase for each added observation. The error and error rate update as well. See *Figure 174, Medication Observation Updated Counts*.
- c. Check **Completed** when information is complete. See [Mark a Medication Observation Complete](#).

Note: The **Completed** field is grayed out until required fields are filled out.

Figure 173: Medication Observation Updated Counts

The screenshot shows the 'Add a Medication Observation' form. At the top, it displays 'NHCS_Singy' and the date/time '08/21/2024 11:42 AM'. The form includes the following fields and options:

- RESIDENT** (b) and **STAFF** (c): Text input fields.
- MEDICATION 1** (d): Text input field with a red icon.
- MEDICATION** (e): Text input field.
- ROUTE** (f) and **QUANTITY** (g): Text input fields.
- FREQUENCY** (h): Text input field.
- CRUSHED** (i), **REFUSED**, **EXCLUDE**, **ERROR**, and **COMPLETED**: Radio button options.
- + ADD ANOTHER MEDICATION** (j): Button to add more medications.

Figure 174: Add a Medication Observation

Table 29: Medication Observations Detailed Callout

No.	Name	Description
a	Date/Time	The observation is date and time stamped.
b	RESIDENT	Select the resident from the drop-down menu.
c	STAFF	Type the staff name of the person giving the medication.
d	MEDICATION/ TRASH CAN ICON	Click the trashcan to delete the medication. Note: Only the TC or the surveyor who entered the medication can delete the medication.
e	MEDICATION lookup	Filters for standard medications and dosages. Start typing the name of the medication. A list automatically appears with suggestions for the medication or type a custom medication in the blank field.
f	ROUTE	Select how the medication was administered or type a custom dose in the blank field.
g	QUANTITY	Type in number of medications given in blank field.
h	FREQUENCY	Select the frequency the medication was administered or type a custom value in the blank field.

No.	Name	Description
i	How medication was delivered	Click the checkbox next to how the medication was delivered. Notes: • Refused checkbox notes when a resident refuses the medication. • Exclude checkbox does not count the observation or include it in the error calculation (For example, supplement, vitamin). • Error checkbox when there is an error observed with the medication observation. • Original Order field only displays when Error is selected.
j	+ ADD ANOTHER MEDICATION	Click to add an additional medication. Note: The additional medication must be for the same resident and staff member.

Mark a Medication Observation Complete

- Medication Observations are completed when **Resident**, **Staff**, and **Medication** fields have values. See *Figure 175, Mark Observation as Completed*. The **Completed** field is grayed out until these three fields are updated.

CRUSHED	REFUSED	EXCLUDE	ERROR	COMPLETED
☒	☐	☐	☐	☒

Figure 175: Mark Observation as Completed

Figure 176: Medication Observation Percentages and Count

Delete a Medication Observation

Notes:

- Surveyors can only delete medication observations when they are the assigned surveyor.
- All associated medications and observation notes are deleted when a medication observation is deleted.
 - a. Click **Delete** to delete Medication Observation. See *Figure 177, Delete Medication Observation*. The **Delete Observation** pop-up window opens.

Figure 177: Delete Observation

- b. Click **Yes, Delete** to delete Medication Observation. See *Figure 178, Delete Observation*.

Figure 178: Delete Observation

Delete a Medication

Click the trashcan to delete the medication. See *Figure 179, Delete a Medication*.

Note: Only the surveyor who entered the medication can delete the medication.

Figure 179: Delete a Medication

Filter Medication Observations

Click the drop-down menu next to **Filter** to filter Medication Observations. See *Figure 180, Filter Medication Observations*.

Note: Medication Observations can be filtered by:

- **All Observations**
- **Errored Observations**
- **My Observations.**

Figure 180: Filter Medication Observations

Add Medication Observation Notes

Notes:

- Medication Observation Notes can only be added for the surveyor's own observations.
 - Medication Observation Notes are different from Facility Task Notes.
 - Medication Observation Notes remain with the medication observation and do not move forward into **Potential Citations** unless they are copied into Facility Task Notes, and the task is cited for noncompliance.
- a. Click **Add Notes** to add Medication Observation Notes. See *Figure 181, Add Medication Observation Notes*. The **Notes** page slides open to the right. The observation remains visible on the left.

Figure 181: Add Medication Observation Notes

- b. Type notes. See *Figure 182, Medication Observation Notes*.

Note: The notes automatically save.

Figure 182: Medication Observation Notes

- c. Click **Close Notes** to close the notes. The notes toggle to **Edit Notes**.

Custom Toolbar Functions for Medication Observation Notes

The Medication Observation Notes toolbar has four custom functions that are explained below. See *Figure 183, Medication Observation Notes Custom Toolbar*.

- Insert Date/Time
- Insert Resident ID
- Insert Error Text
- Copy to Facility Task Notes

Figure 183: Medication Observation Notes Custom Toolbar

[Insert Date/Time \(a\)](#)

Insert the current date/time at the cursor placement.

[Insert Resident ID \(a\)](#)

Select **Resident ID** to insert resident ID into the Medication Observation.

[Insert Error Text](#)

Click the Insert Error Text icon to insert error text into medication observation notes. The text inserts automatically. See *Figure 184, Insert Error Text into Observation Notes*.

Figure 184: Insert Error Text into Observation Notes

[Copy Medication Observation Notes to Facility Tasks Notes](#)

- Click the Copy to Facility Tasks icon to copy all the medication observation notes into the facility task notes. See *Figure 185, Copy to Facility Tasks*.

Figure 185: Copy to Facility Tasks

- b. The medication observation notes are automatically copied into the facility task notes. There is no need to do anything. See *Figure 186, Medication Observation Notes Automatically Copied to Facility Task Notes*.

Figure 186: Medication Observation Notes Automatically Copied to Facility Task Notes

21. Investigations

Purpose: To investigate the following:

- Residents included in the final sample
- Any investigations created by a surveyor or created due to a linked intake in Offsite Prep or an Ombudsman concern

Note: Survey team members can assign themselves to an investigation.

21.1 Investigations Overview

Click **Investigations** on the left menu on the drop-down left menu under **Investigation**. The **Investigations** window opens to the **My Investigations** tab. See *Figure 187, Investigations* and *Table 30, Investigations Detailed Callout*.

The screenshot displays the 'Investigations' window. On the left, a sidebar contains a menu with 'Investigations' highlighted. The main area shows a table of investigations. The table has columns: Resident, Investigative Area, Admit Date, Room, BIMS, Assigned To, Inv. Reason, and Potential Citations. The first row shows an investigation for 'Booke, Rita (19)' in the 'Care Planning' area, initiated by 'NHCS_Singy'. The second row shows an investigation for 'Clyde, Bonnie-Ann (14)' in the 'Abuse' area, also initiated by 'NHCS_Singy'. The third row shows an investigation for 'Advance Directives' initiated by 'NHCS_Singy'. The fourth row shows an investigation for 'Dialysis' initiated by 'NHCS_Singy'. The fifth row shows an investigation for 'Dialysis' initiated by 'NHCS_Singy'. The sixth row shows an investigation for 'Physical Restraints' initiated by 'NHCS_Singy'. The seventh row shows an investigation for 'Unnecessary Meds, Psychotropic Meds, and Med Regimen Review' initiated by 'NHCS_Singy'. The eighth row shows an investigation for 'Unnecessary Meds, Psychotropic Meds, and Med Regimen Review' initiated by 'NHCS_Singy'.

Figure 187: Investigations

Table 30: Investigations Detailed Callout

No.	Name	Description
a	All Investigations	Investigations with no assignee or those assigned to other survey team members
b	My Investigations	Defaults to My Investigations tab. Shows the user's investigations.
c	Add New Investigations	Click to add a new investigation. See Add New Investigations .
d	Group Investigations By	Select Resident or Investigative Area . The selection then shows either the Resident or the Investigative Area in the first column.
e	Hide Completed Investigations	Check this box to hide all completed investigations
f	Resident	Name of the resident and their ID. Click the resident's name to find out further details and make compliance decisions.
g	Investigative Area	The area of investigation for the resident. Click the link to make compliance decisions for that area.
h	Admit Date	Resident admittance date
i	Room	Resident room number
j	BIMS	The Brief Interview for Mental Status score
k	Assigned To	Surveyor assigned to an investigation. More than one surveyor can be assigned to an investigation. A surveyor cannot be unassigned from an investigation when there is associated data with the investigation.

No.	Name	Description
l	Inv Reason	How the investigation (Inv) was created.
m	Potential Citations	Potential Citations are shown. Tags are displayed in bold text if cited by the surveyor.
n	Remove	Only the TC or the assignee (when they are the only assignee) can remove an investigation and only investigations with no data can be removed. Click the trashcan. The Enter Investigation Removal Rationale pop-up window opens. Fill out Rationale and Description. Click Save. The investigation is removed.

21.2 Add New Investigations

- 21.2.1 Click **+ Add New Investigations** to add a new investigation. The **Add New Investigation** pop-up window opens. See *Figure 188, Add New Investigation Pop-Up Window*.

A screenshot of a pop-up window titled "Add New Investigation" with a close button (X) in the top right corner. Below the title bar, there is a text instruction: "Please select a Resident and any Investigation Areas you would like to initiate. To directly cite a tag, select the FTag Initiation Investigation Area." Below this instruction are two dropdown menus. The first is labeled "Resident *" and has a placeholder text "Select Resident". The second is labeled "Investigation *" and has a placeholder text "Select Investigation Area". At the bottom right of the window are two buttons: "Cancel" and "Save". A red rectangular box highlights the two dropdown menus. A red arrow points from the bottom right corner of this box to the "Save" button.

Figure 188: Add New Investigation Pop-Up Window

- 21.2.2 Select **Resident** from the drop-down menu.
- 21.2.3 Select **Investigation Area** from the drop-down menu.
- 21.2.4 Click **Save**. The investigation information populates for the resident under **Investigative Area**. See *Figure 189, Resident Investigation Information*.

A screenshot of a table with three columns: "Resident", "Investigative Area", and "Admit Date". The "Resident" column contains the text "Addison, Maria (11)". The "Investigative Area" column contains a list of three items: "Activities", "Change of Condition", and "Choices". The "Admit Date" column contains the date "10/01/2022". A red rectangular box highlights the "Investigative Area" column. The "Change of Condition" item is marked with a green checkmark.

Figure 189: Resident Investigation Information

- 21.2.5 Verify the green notification banner indicates the new investigation has been successfully added. See *Figure 190, New Investigation Green Notification Banner*.

Figure 190: New Investigation Green Notification Banner

21.3 Remove an Investigation

Notes:

- The TC can remove any investigation.
- Survey team members can remove an investigation that does not have associated data where they are the only assignee.

21.3.1 Click the trashcan icon next to the investigation. See *Figure 191, Investigation Trashcan Icon*. The **Remove Investigation** pop-up window opens.

Figure 191: Investigation Trashcan Icon

21.3.2 Type a rationale in the **Rationale** field. See *Figure 192, Remove Investigation Rationale*.

Figure 192: Remove Investigation Rationale

21.3.3 Click **Save**.

21.3.4 Verify the **Investigation deleted successfully** green notification banner is shown. See *Figure 193, Investigation Deleted Successfully Green Notification Banner*.

Figure 193: Investigation Deleted Successfully Green Notification Banner

21.4 Open an Investigation

Note: When a surveyor is assigned to the investigation, the investigation is editable. Otherwise, the investigation is read-only.

Click the name of the resident to open the investigation details. See *Figure 194, Resident Investigation Details Landing Page* Review each of the tabs below.

Notes:

- Select either the resident or the investigative area. See *Figure 195, Group Investigations by Resident* and *Figure 196, Group Investigations by Investigation*.

- Click the arrow next to the resident's name to return to the **Investigations** page.

Figure 196: Resident Investigation Details Landing Page

21.5 MDS Information

Note: The MDS information can be accessed on the following three RBS pages when there is data on the MDS assessment. This section shows access from **Investigations** grouped by resident.

- [Resident Manager](#) - specific resident
- [Investigations](#) (grouped by resident) - specific resident
- [Investigations](#) (grouped by area) - specific area with specific resident selected

21.5.1 Click the resident name on the **Investigations** page. The **Investigations** resident page opens. See *Figure 197, Investigations Resident Page*.

Figure 197: Investigations Resident Page

21.5.2 Click **MDS Assessment**. The resident **Patient Information** and **Assessments** page opens in a different tab.

Notes:

- **Investigations:** The **MDS Assessment** link, when available, is located under the resident's name on the **Investigations Resident** page.
- **Resident Manager:** The **MDS Assessment** link, when available, is located to the right of the tabs on the **Resident Manager Resident** page. See *Figure 198, Resident Manager MDS Link*.

Figure 198: Resident Manager MDS Link

Figure 199: Resident Patient Information and Assessments

- Click each *section* on the left menu to view information about that section. See *Figure 200, Assessment Information*.

Notes:

- The assessment acceptance date is noted in the green notification banner.
- It may be necessary to scroll to view all the information in the section.
- Section A is shown.

The screenshot displays the CMS iQIES Survey & Certification: Risk-Based Survey interface. At the top, there are navigation links: "Return to Patient" with a left-pointing arrow and "Print" with a right-pointing arrow. Below these, a green banner indicates "This assessment was accepted on 07/12/2024 UTC". On the left, a sidebar lists sections from A to L. Section A, "Identification Information", is highlighted with a red box. The main content area, also outlined in red, shows the details for Section A. It includes fields for "National Provider Identifier (NPI) (A0100A)", "CMS Certification Number (CCN) (A0100B)", and "State Provider Number (A0100C)". Below these, it shows the "Type of provider (A0200)" as "1 - Nursing home (SNF/NF)". The "A0310. Type of Assessment" section includes the "Federal OBRA Reason for Assessment (A0310A)" as "01 - Admission assessment (required by day 14)" and the "PPS Assessment (A0310B)" as "01 - 5-day scheduled assessment". At the bottom, it asks "Is this assessment the first assessment (OBRA, Scheduled PPS, or Discharge) since the most recent admission/entry or reentry? (A0310E)" with a "0 - No" response. A red text overlay at the bottom right of the main content area states: "Some sections may require scrolling to view all information".

c	Assigned To	Surveyor assigned to investigation. More than one surveyor can be assigned to an investigation.
d	Inv. Reason	How the investigation (Inv) was created.
e	Potential Citations	Shows potential citations

Drawing Tool tab

- All investigative areas have the **Drawing Tool** tab.
- This **Pressure Ulcer** and the **Abuse Drawing Tool** tabs are the only drawing tools that are different than the other investigative areas. Those tabs show four images of a body on which to place the ulcer or abuse. See *Figure 215, Drawing Tool Tab*. All other **Drawing Tool** tabs are blank for free drawing.
- The **Drawing Tool** tab works exactly like the facility tasks drawing tool. Please review [Facility Tasks Drawing Tool](#) for details on how to use the drawing tool.

Figure 215: Drawing Tool Tab

Investigations Residents tab

Note: The **Investigations Residents** tab is only available when going into an investigation by investigative area.

Click the investigative area on **Investigations** landing page to see a list of all residents who fall under that specific investigative area. See *Figure 216, Investigations Residents Tab*.

Resident	Room	Admit Date	BIMS	Assigned To	Inv. Reason	Potential Citations
Aardvark, Alex (23)	GH-17	2022-10-20		NHCS_Singy	Initiated by NHCS_Singy	-
Aubergine, Alex (20)	BV-10	2022-08-01		NHCS_Singy	Initiated by NHCS_Singy	-
Toucan, Sam (22)	AQ-10	2020-07-23		NHCS_Singy	Initiated by NHCS_Singy	-

Figure 216: Investigations Residents Tab

21.6 Investigation and Resident Notes

Purpose: To document notes for each investigation during the survey.

General Notes

- Investigation and Resident Notes are not the same as Surveyor Notes and are in addition to Surveyor Notes. Refer to [Surveyor Notes](#) in this document for further details on those notes.
- Investigation notes are specific to the resident and investigative area.
- Resident notes display for all investigative areas for the resident.
- Any survey team member assigned to the investigation can add, edit, delete, or view Investigation and Resident Notes.
- Surveyors who are not assigned to the investigation, but are on the survey team, can view the Investigation and Resident Notes.
- Some roles that cannot be added to the Survey Team are able to view Investigation Notes and Resident Notes as read-only.

Navigate to Investigation and Resident Notes

- Click the Notes icon on the top right of the screen to open all Notes. The icon is located directly under the user name. See *Figure 217, Notes Icon*.

Figure 217: Notes Icon

- Investigation and Resident Notes open in combination with Surveyor Notes. Click any tab to leave a note for that specific area. See *Figure 218, Facility Notes View*.

Note: The note area that is in use has a white background.

Figure 218: Facility Notes View

- The Investigation and Resident Notes default to opening on the right. Click either the Investigation or the Resident Notes bottom menu icon to open the Facility Notes on the bottom of the page. See *Figure 219, Investigation and Resident Notes Bottom Screen Icon*.

Figure 219: Facility Notes Bottom Screen Icon

- Notes can be resized on the screen by dragging the left line (when the notes are on the left) or the top line (when the notes are on the bottom) of the Notes panel. Hover over line until the directional arrows are shown, then drag the line in either direction.

Create an Investigation or a Resident Note

- When there are Care Area Notes for the Care Area linked to the investigative area, the Care Area Notes are copied into the Investigation Notes for the investigation assignee at the time it was created. The surveyor assigned to the investigation can keep the copied notes or delete them from their Investigation Notes.
- The Care Area Notes are not copied for any surveyors subsequently assigned to the investigation. The copied Care Area Notes can be viewed by all Surveyors in the **View All Surveyors** view for Investigation Notes.
- Click in either the Investigation or Resident Notes text area to create a note.
- A date/time stamp is automatically inserted when the surveyor starts to type in the text area when the text area is blank. Click Date/Time Stamp icon to insert date for additional notes.
- Type notes. See *Figure 220, Sample Investigation Note*.

Figure 220: Sample Investigation Note

- Notes are autosaved.
- The **Last saved** date and time shows at the bottom of the Notes. See *Figure 221, Notes Last Saved Date and Time*.

The screenshot shows a software window titled "Investigation Notes" with a tabbed interface. The "Investigation Notes" tab is active, while "Resident Notes" and "Surveyor Notes" are also visible. Below the tabs is a rich text editor toolbar with icons for undo, redo, bold, italic, underline, and text color. The text area contains the following entry:

08/22/2024 7:40 PM Talked with 3 aides and found that Resident #23 threw a banana peel on the ground and CNA Smith slipped and fell. This started a large food fight among residents.

At the bottom of the window, a yellow status bar displays the text: "Last saved: 08/22/2024 7:41 PM".

Figure 221: Notes Last Saved Date and Time

Custom Toolbar Functions

There are 4 custom toolbar options among the normal standard formatting options. See *Figure 222, Notes Custom Toolbar Functions*.

Figure 222: Notes Custom Toolbar Functions

From left to right they are:

- [View All Surveyor Notes](#)
- [Insert Date/Time Stamp](#)
- [Insert Resident ID](#)
- [Notes History](#)

Note: Hover over the icon to see the name of the icon.

- **View All Surveyor Notes**

View all team member's Surveyor Notes. See *Figure 223, View All Surveyor Notes*. Click any name to view the note.

Figure 223: View All Facility Notes

Click **My Notes** to return to the user's Notes.

- **Insert Date/Time Stamp**

Insert the current date/time at the cursor placement.

- **Insert Resident ID**

Select **Resident ID** to be inserted into the Notes. The resident ID of the investigation resident is inserted.

- **Notes History**

View a history of all autosaved Notes entries. If a previously saved entry is deleted in error, it can be accessed from the Notes History and copied and pasted into the current Notes.

- **Help**

There is also a help icon on the toolbar which can be accessed for additional information as well as keyboard shortcuts. See *Figure 224, Notes Formatting Menu*.

Figure 224: Notes Formatting Menu

Note: Click the horizontal ellipsis to view the second row of formatting options.

21.7 Complete an Investigation

Note: An investigation is completed when at least one assigned surveyor has answered all of the CE questions for an investigation. See *Figure 225, Completed Investigation*.

Figure 225: Completed Investigation

Check the **Hide Completed Investigations** checkbox to filter completed investigations. See *Figure 226, Hide Completed Investigations*.

Figure 226: Hide Completed Investigations

22. Potential Citations

Purpose: To review all tags from investigations and facility tasks marked as not in compliance and to evaluate survey data and determine whether or not to cite each tag.

Notes:

- Only the TC can edit potential citations.
- The highest noncompliance level is selected when a tag has multiple surveyors citing noncompliance, but all notes are included.
- The four tabs organize citations by **All Citations**, **Cited**, **Not Cited** and **Undeclared**. The numbers next to the tab titles shows how many tags there are.
- When a surveyor removes their notes or changes their compliance answers, it reflects immediately in Potential Citations.

22.1 Click **Potential Citations** on the left menu on the drop-down left menu under Investigation. The **Potential Citations** window opens to the **All Citations** tab. See *Figure 227, Potential Citations*.

The screenshot displays the 'Potential Citations' window. At the top, there's a blue header with the title 'Potential Citations' and a 'Create Citations' button. Below the header, there are four tabs: 'All Citations' (5), 'Cited' (2), 'Not Cited' (0), and 'Undeclared' (3). The 'All Citations' tab is active. On the left sidebar, a list of citations is shown, including 'Free from Abuse and Neglect' (Cited), 'Right to be Free from Physical Restraints' (Undeclared), 'Develop/Implement Abuse/Neglect Policies' (Undeclared), and 'Nutritive Value/Appear, Palatable/Prefer Temp' (Cited). The main content area shows a form for editing a citation. It includes fields for 'S/S' (Select), 'Singular Event' (checkbox), 'Citation Categories' (Complaint, Recertification), and 'Residents/Facility' (Legge, Peg (12)). There's a 'Declaration' section with 'Cite' and 'Don't Cite' radio buttons. The 'Opening Statement' section has a rich text editor with a toolbar. Below that, the 'Potential Citation Documentation' section shows a list of citations with their details, including the date, time, and a description of the issue.

Figure 227: Potential Citations

22.2 Review citations.

Note: Click citation number link to review citation regulation text and interpretive guidance.

22.3 Review notes.

Note: Potential Citation documentation comes from Investigation Notes, Resident Notes, and Facility Notes that are relevant to the F-tag. The area is always cited. See [Citation Cited figure](#).

22.4 Select [Cite](#) or [Don't Cite](#).

[Cite](#)

- a. Select the F-tag to update.

Note: F-tag is highlighted in blue.

- b. Select the radio button next to **Cite**.

- c. Add the **Scope/Severity (S/S)** level. See *Figure 228, F-Tag Cited*.

Notes:

- Click **Select** to review scope and severity levels.
- IJ date fields open when **S/S** is a **J** or higher. **IJ Start** and **End Dates** must be added, along with whether it was a singular event. See *Figure 229, IJ Start/End Dates*.
 - IJ scope/severity levels of **J**, **K**, or **L** trigger the IJ start/end date.
 - IJ scope/severity levels of **G** or **J** trigger singular events
 - IJ scope/severity levels of **F**, **H**, **I**, **J**, **K**, or **L** for an SQC tag trigger the Extended Survey Facility Task, the Sufficient and Competent Nurse Staffing Task as well as the QAPI and QAA Task.

The screenshot shows a form with the following elements:

- S/S**: A dropdown menu with the value **K** selected.
- IJ Start Date**: A text input field containing **01/10/2025**.
- IJ End Date**: A text input field containing **02/10/2025**.
- Citation Categories**: Two checkboxes, **Complaint** and **Recertification**, both of which are checked.

Figure 228: IJ Start/End Dates

- When **Citation Categories** is automatically checked, it can be changed by the TC.

Note: Citation Categories is dependent on the survey category as well as whether the investigation or facility task is associated to an intake.

The screenshot displays the CMS iQIES Survey & Certification interface. The top bar shows the survey title 'Nutritive Value/Appear, Palatable/Prefer Temp' and the citation ID 'F0804'. The sidebar on the left lists various survey categories, with 'Nutritive Value/Appear, Palatable/Prefer Temp' selected. The main form area contains several sections: 'Opening Statement' with a text editor, and 'Potential Citation Documentation' with a list of citations. The 'Residents/Facility' dropdown menu is highlighted with a red box, and a red arrow points to it. The 'Potential Citation Documentation' section shows two citations: 'LEGGE, PEG (12)' and 'NHCS_SINGY, PAT - ABUSE', both marked as 'SELECTED'. The 'Residents/Facility' dropdown menu is also highlighted with a red box, showing the selected option 'Facility'.

Figure 229: F-Tag Cited

d. Add the **Residents/Facility** from the drop-down menu.

Note: The **Residents/Facility** drop-down menu shows either the resident or the facility, along with the surveyor name and severity level. See *Figure 230, Residents/Facility Drop-Down Menu*.

The screenshot shows the 'Residents/Facility' drop-down menu. The menu is open, displaying two options: 'Facility' (unchecked) and 'Facility' (checked). The 'Facility' option is highlighted with a red box. A red arrow points to the 'Residents/Facility' dropdown menu.

Figure 230: Residents/Facility Drop-Down Menu

e. Update the **Opening Statement**.**Notes:**

- The automatic text in the **Opening Statement** field is there to help. It can be changed.
- The field automatically saves and shows the last saved date on the bottom of the field.

f. Review the **Potential Citation Documentation**.

Note: Only the selected **Potential Citation Documentation** notes become the **Citation Findings**. In the example in the [F-Tag Cited figure](#), the selected notes match the selected facility choice and severity.

[Don't Cite](#)

a. Select the F-tag to update.

Note: F-tag is highlighted in blue.

b. Select the radio button next to **Don't Cite**. The **Reason Not Cited** drop-down menu opens. See *Figure 231, Reason Not Cited*.

Note: Type **A citation can be moved to another tag** when **Other, Explain** is the reason.

The screenshot displays the CMS iQIES interface for the 'Right to be Free from Physical Restraints' section. The 'F0604' tag is selected and highlighted in blue. The 'Reason Not Cited' dropdown menu is open, showing a list of reasons. The first reason, 'Move to another tag', is selected. The background shows the 'F0600' tag as 'Cited' and 'F0607' as 'Undeclared'. The 'F0804' tag is also 'Cited'. The 'Declaration' section at the top right shows 'Cite' and 'Don't Cite' radio buttons, with 'Don't Cite' selected.

Figure 231: Reason Not Cited

- c. Verify the F-tag has a white checkmark in a blue circle for the tag and white checkmark in a blue circle for **Not Cited**. See *Figure 232, F-Tag Updates*.

Figure 232: F-Tag Updates

[Move to Another Tag](#)

An F-tag can be moved to another F-tag.

Notes:

- Any F-tag that has been moved is automatically set to **Cited**.
 - The notes from the original citation are moved and can be reviewed.
 - An F-tag cannot be moved to an F-tag that has already been moved.
- a. Select **Move to Another Tag** from the **Reason Not Cited** menu. See [Reason Not Cited](#) figure.
 - b. Type new F-tag number in **New Tag** field. The tag must be cited or undeclared to move the new citation.
 - c. Click **Save**.

Note: The citation now notes **Moved from [tag]** on citation. See *Figure 233, Move a Citation Tag*.

Figure 233: Move a Citation Tag

[Create Citation](#)

- a. The **Create Citation** button is disabled until all tags have been reviewed and completed.

Notes:

- The tag cannot already exist as a citation
 - Citations cannot be locked
- b. Click **Create Citation**. A pop-up window opens.

23. Resources

Purpose: Survey protocols and interpretive guidelines serve to clarify and/or explain the intent of the regulations. All surveyors are required to use them in assessing compliance with federal requirements. Deficiencies are based on violations of the regulations, which are to be based on observations of the nursing home's performance or practices.

Notes:

The resources provide additional information about the background and overview of the final rule, frequently asked questions, and other related resources.

Click **Resources** on the left menu. See *Figure 234, Resources*. The resources automatically download.

Figure 234: Resources

24. Search for a Survey

Purpose: To search for a survey.

24.1 Go to **Survey & Certification** at the top of the iQIES home page. Click the arrow to open the drop-down menu.

24.2 Click **Search**. The **Search** screen opens. See *Figure 235, S&C Search*.

Figure 235: S&C Search

24.3 Click **Surveys** tab.

24.4 Select **Provider** or **DBA** (Doing Business As), **CCN** (CMS Certification Number) or **Survey ID** from the drop-down menu under **Search for Surveys**. See *Figure 236, Search*.

Figure 236: Search

24.5 Type search criteria.

24.6 Click **Search**. The survey information shows below. See *Figure 237, Survey Search Results*.

Note: Click **Show Advanced Search** for a more detailed search.

Figure 237: Survey Search Results

24.7 Click the survey number to view basic information. The **Basic Information** window opens. See *Figure 238, Survey Basic Information*. The top gray menu bar shows:

- Survey status
- Survey category
- Start and exit dates
- Revisit status
- [Track status](#)
- Survey actions drop-down menu, when survey actions are available

The survey basic information shows:

- Survey Type
- Enforcement Case ID
- Survey Categories
- Survey Extents
- Regulation Sets
- Survey Status

The screenshot displays the 'Survey Basic Information' page. At the top, a header bar contains fields for Status (New), Category (Complaint, Re-Licensure, +1 more), Start Date (07/11/2020), Exit Date (No information), Revisit Status (Not Determined), and Track Status (13C27C, 25%). A 'Survey action -' link is on the right. Below the header, a yellow 'Basic Information' tab is active, with an 'Edit' button to its right. The main content area is divided into sections: Survey Type (Health, No information), Enforcement Case ID (No information), Survey Categories (Federal Categories: Complaint, Recertification; State Categories: Re-Licensure; Intakes to Include in Complaint Survey: Complaint 715229), Survey Extents (No information), Regulation Sets (Federal Regulation Sets: Long Term Care Facilities (FED - F - 07.02); State Regulation Sets: State: Nursing Facilities (ST - N - 4.1), NF State Licensing (ST - C - 2.5), Core Licensure (ST - C - 2.14)), Survey Status (Open), Survey Status (Open), Start Date (07/11/2020), Exit Date (No information), and Survey Due Date (No information).

25. Citations

Purpose: Add, delete, edit, or review a citation for long term care facilities outside the long term care survey process.

Notes:

- The citations process works the same regardless of the provider type.
- Use [Potential Citations](#) to add a new citation when the survey is part of the RBS.
- Citation findings, memo text, and deficient practice statements are automatically saved as they are entered into iQIES.
- Only the team member who created a citation can delete that citation.
- QA team members can act on behalf of surveyors and have the same privileges as a survey team member does.
- Click **Return to Citations** to get to the **Citations** screen, if desired.
- Notifications are shown in yellow boxes. Refer to *Figure 239, Citation Notification Example*. Read the notification and follow the directions, if necessary.

- 25.1.2 Click the citation to open **Citation Overview**. The Citation Overview window opens. See *Figure 241, Citation Overview*.

Figure 241: Citation Overview

Note: The **Edit** button is only viewable if the citation contains editable fields.

- 25.1.3 Click **Edit** to edit the Overview. The **Edit Citation Overview** window opens. See *Figure 242, Edit Citation Overview*.

Figure 242: Edit Citation Overview

Note: Click the grid next to **Severity/Scope** to view the **Severity and Scope Grid**. The drop-down menu displays **Severity/Scope** letters.

- 25.1.4 Click **Save**. The screen returns to the **Citation Overview**.

25.2 Manage Survey Categories

Note: Citations that are associated with a complaint survey category can only be removed after the allegation is removed from the citation page.

25.2.1 Click **Manage Survey Categories**. See *Figure 243, Manage Survey Categories*. The **Manage Survey Categories** window opens.

Figure 243: Manage Survey Categories

25.2.2 Check the box next the correct survey category. See *Figure 244, Manage Survey Categories Window*.

Note: More than one category can be checked.

A screenshot of the "Manage Survey Categories" window. The title "Manage Survey Categories" is highlighted in yellow. Below it is the instruction "Manage the survey categories for each citation. Citations that are associated with a complaint survey category can only be removed after the allegation is removed from the citation page." and a note "All required fields are marked with an asterisk (*)". The section "Federal Citations" shows "2 Federal Citations". A table lists two citations: "F0554 - Resident Self-Admin Meds-Clinically Approp" and "F0558 - Reasonable Accommodations Needs/Preferences". To the right of the table is a "Federal Survey Category *" column with two rows. Each row has a checked box for "Recertification" and an unchecked box for "Complaint". This column is highlighted with a red rectangle. At the bottom are "Save" and "Cancel" buttons, with a red arrow pointing to the "Save" button.

Figure 244: Manage Survey Categories Window

25.2.3 Click **Save**.

25.3 Add a Citation for a Health Survey

- 25.3.1 Click **Add Citation** in the **Citations** window to add a citation to the survey. The **Add Citations** window opens. See *Figure 245, Add Citation Window*.

Figure 245: Add Citation Window

Notes:

- Search for citations in the **Search by citation tag number, title, or keyword** text box. Click the magnifying glass icon to search.
- Filter citations by **Regulation Sets** and **Tag Types**, if desired.

- 25.3.2 Click **Add** next to any citation to add it. The citation is then added to the **Added Citations** list on the right. See *Figure 246, Added Citations* and *Table 34, Added Citations Detailed Callout*.

Figure 246: Added Citations

Table 34: Added Citations Detailed Callout

No.	Name	Description
a	Search	Search for a citation by tag number, title or keyword.
b	Filter by	Filter by regulation sets and tag types (Conditions, Standard, Licensure, Element, Memo, Requirement).
c	F-tag	The federal tag and title. Click the caret to view regulation text and interpretive guidelines.
d	Past Noncompliance	Click checkbox next to Past Noncompliance when facility is noncompliant. Checkbox is available when applicable.
e	Severity/Scope grid	Click the grid to view the severity/scope grid to select a severity/scope.
f	Add	Click Add to add the F-tag to the citation.
g	Added Citations [#]	Added citations appear on this list. The number next to Added Citations is the number of citations added.
h	Save	Click to add citation tags.

25.3.3 Click **Save** to save citation tags to the survey. The screen returns to the **Citations** window.

25.4 Add a Citation for an LSC Survey

Notes:

- Citations are associated with a building for Life Safety Code Surveys.
- Review [Fire Safety Evaluation System \(FSES\) Citations](#) for details on FSES citations.

25.4.1 Click **Add Citation** in the **Citations** window to add a citation to the survey. The **Add Citations** window opens. See *Figure 247, Add LSC Citation Window*.

Figure 247: Add LSC Citations Window

25.4.2 Click the radio circle next to the desired building. See *Figure 248, Add LSC Citations Step 1*.

Note: Each citation must be associated with a building. This process must be repeated to add a citation to a different building. If the building is not in the building list, add the building. Review [Locations](#) for details on how to add a building.

25.4.3 Click **Save Building & Continue** to go to **Step 2** to complete adding the citation.

Add Citations

Step 1 of 2

Select a building or the Emergency Preparedness category for this new citation. New buildings can be added in the [Locations](#) section of Provider Details.

25.4.5 Click **Save** to save citations to the survey. The screen returns to the **Citations** window.

25.5 Fire Safety Evaluation System (FSES) Citations

Note: Citations are associated with a building for Life Safety Code Surveys.

25.5.1 Click **Add Citation** in the **Citations** window to add a citation to the survey. See *Figure 250, Citations Window*. The **Add Citations** window opens.

Figure 250: Citations Window

25.5.2 Select the Building or Category to add the citation. See *Figure 251, Select Building or Category*.

A screenshot of the 'Add Citations' window, labeled 'Step 1 of 2'. The header is yellow with the text 'Add Citations'. Below the header, it says 'Select a building or the Emergency Preparedness category for this new citation. New buildings can be added in the [Buildings/Wings](#) section of Provider Details.' The main section is titled 'Select Building or Category *' and contains three radio button options. The first option is 'Emergency Preparedness'. The second option is '> Forever Young One' with subtext 'B1 | Building | ● Active | ● Federal | ● State Licensed | Effective 04/09/2026'. The third option is '> Forever Young Again' with subtext 'B2 | Building | ● Active | ● Federal | ● State Licensed | Effective 04/09/2026'. A red box highlights the second and third options. At the bottom, there are two buttons: 'Save Building & Continue' in grey and 'Cancel' in blue. A red arrow points from the 'Save Building & Continue' button towards the right.

Figure 251: Select Building or Category

25.5.3 Click **Save Building & Continue**. The **Add Citations** page updates.

25.5.4 Click **Add** next to any citation to add it. The citation is then added to the **Added Citations** list on the right. See *Figure 252, Added Citations*.

Note: An FSES badge appears next to the citation when FSES is available.

Figure 252: Added Citations

Notes:

- Search for citations in the **Search by citation tag number, title, or keyword** text box. Click the magnifying glass icon to search.
- Filter citations by **LSC Regulation Set** (default for LSC surveys).
- Click any citation to view details about the citation.
- Click the **X** next to **Added Citations** to remove a citation before saving, if desired.

25.5.5 Click **Save** to save citations to the survey. The screen returns to the **Citations** window.

25.6 Delete a Citation

Note: The citation cannot be deleted by the user if another team member has added findings. A TC or a QA Teams member can delete the findings when findings are merged.

- 25.6.1 Click **Delete Citation** under the **Actions** menu on the Citations page. See *Figure 253, Actions Delete Citation Drop-Down Menu*. A confirmation pop-up window appears.

Figure 253: Actions Delete Citation Drop-Down Menu

- 25.6.2 Click **Confirm**. See *Figure 254, Delete Citation Confirmation Pop-up Window*. The citation has been deleted.

Figure 254: Delete Citation Confirmation Pop-up Window

25.7 Add a Deficient Practice Statement

Important Note: ASPEN did not have a separate **Findings** field and all information relating to the **Deficient Practice Statement** and the **Findings** were in one field. All migrated **Deficient Practice Statement** text is found under [Findings](#) in iQIES.

Note: The **Content Library** stores reusable content. Refer to [Content Library](#), for more information.

25.7.1 Click the **Citation ID**. The **Citation Overview** window opens.

25.7.2 Click **Deficient Practice Statement** on the left menu. See *Figure 255, Deficient Practice Statement*. The **Deficient Practice Statement** window opens.

Figure 255: Deficient Practice Statement

25.7.3 Click the caret to review the **Regulation Text and Interpretive Guidelines**. See *Figure 256, Regulation Text and Interpretive Guidelines*.

Note: The **Regulation Text and Interpretive Guidelines** are helpful to write the **Deficient Practice Statement**.

Deficient Practice Statement

Q0001: BASIC REQUIREMENTS Condition

[Hide Regulation Text and Interpretive Guidelines](#)

CFR Section
No information

Regulation Text
Participation as an ASC is limited to facilities that-
(a) Meet the definition in 416.2; and
(b) Have in effect an agreement obtained in accordance with this subpart.

Interpretive Guidelines
An ASC must satisfy all the elements of the definition of an ASC and have in effect an agreement to participate as an ASC in order to satisfy the basic Medicare ASC requirements

Deficient Practice Statement

There is no Deficient Practice Statement for this citation.

[Add Deficient Practice Statement](#)

Figure 256: Regulation Text and Interpretive Guidelines

25.7.4 Click **Add Deficient Practice Statement**.

25.7.5 Type the Deficient Practice Statement in the text box. See *Figure 257, Deficient Practice Statement Text Box*.

Notes:

- Click **Show Regulation Text and Interpretive Guidelines** for helpful text and guidelines in filling out the Deficient Practice Statement. Click again to hide the text.
- Click **AI Assistant** to have the AI Assistant help write the Deficient Practice Statement. Review AI Assistant for details.

Figure 257: Deficient Practice Statement Text Box

Note: Be aware that two users can be in **Edit** mode in the **Deficient Practice Statement** at the same time. See *Figure 258, Concurrent Editor Notification*.

One user will overwrite the other person's data.

- Exit **Edit** mode if either of these notifications appears: [Concurrent Editor Notification](#) or [DPS Pencil Icon](#).
- Carefully verify that any input has been saved correctly. Be sure to refresh the screen, if necessary.

Figure 258: Concurrent Editor Notification

- A pencil icon is shown next to **Deficient Practice Statement** on the left menu when another user is editing the text area.

- Click the pencil and an explanatory text shows the name of the user who is editing the **Deficient Practice Statement**. See *Figure 259, DPS Pencil Icon*.

Figure 259: DPS Pencil Icon

25.7.6 Click **Save**.

25.8 Add Findings to a Citation

Important Note: ASPEN did not have a separate **Findings** field and all information relating to the **Deficient Practice Statement** and the **Findings** were in one field. All migrated **Deficient Practice Statement** text is found under **Findings** in iQIES.

Note: The Content Library stores reusable content. Refer to [Content Library](#), for more information.

25.8.1 Click **Add Findings** in the **Actions** menu next to the correct citation on the **Citations** window. See *Figure 260, Citation Add Findings*. The Citation Findings window opens.

Figure 260: Citation Add Findings

Note: To view findings, edit comments, or delete memo for an existing citation, click the **Actions** drop-down menu in the **Citations** window. See *Figure 261, Actions Drop-Down Menu*. The respective window opens, and the specific action can be performed.

Figure 261: Actions Drop-Down Menu

25.8.2 Click **Add Findings**. The **Add Citation Findings** window opens. See *Figure 262, Add Citation Findings*.

Note: Click **AI Assistant** to have the AI Assistant help write the Findings. Review AI Assistant for details.

This page is currently being edited. Any changes you make during this time may be overwritten.

Findings *

Figure 263: Concurrent Editor Notification

- A pencil icon is shown next to **Citation Findings** on the left menu when another user is editing the text area.
- Click the pencil and an explanatory text shows the name of the user who is editing the **Findings**. See *Figure 264, Findings Pencil Icon*.

Figure 264: Findings Pencil Icon

25.8.3 Type details in the **Findings** fields. Once writing starts, the **Citation Findings Status** opens below.

Note: It is possible to copy existing text and paste it in the citation field. Copy the text (right click or **Ctrl + C**) and use **Ctrl + V** on the keyboard to paste.

25.8.4 Select **In Progress** or **Writing Complete** for the status.

25.8.5 Click **Save Status**. The **Citation** window opens. Citation details are shown.

25.9 AI Assistant

Purpose: The Citation AI Assistant provides examples of completed Deficient Practice Statements and Findings for the current citation. Users can review, filter, copy or insert relevant citation examples when developing survey documentation.

Notes:

- The AI Assistant can be accessed from both the **Deficient Practice Statement Edit** window and the **Citations Findings** or **Edit** window.
- The AI Assistant matches examples to the current citation, regulation set, and provider type
- Users can filter examples by user name, state, or date range
- Up to 30 examples appear at a time
- Examples have a status of **Writing Complete** and may include corrected text

25.9.1 Click the citation on **Citations** page. The **Citation Overview** opens.

25.9.2 Click **Deficient Practice Statement** on the left menu. The **Deficient Practice Statement** opens.

25.9.3 Click **Add Deficient Practice Statement**. The **Add Deficient Practice Statement** window opens with the AI Assistant. See *Figure 265, AI Assistant Button*.

Note: The AI Assistant works the same way in **Citation Findings**.

Figure 265: AI Assistant Button

25.9.4 Click **AI Assistant**. The AI Assistant opens in a slide-out panel on the right. See *Figure 266, AI Assistant* and *Table 35, AI Assistant Detailed Callout*.

Note: Click **Close AI Assistant** or the **X** to close the panel.

25.9.5 Review examples.

Note: Filter examples by user name, state, or date range.

Examples:

- Show writings for [user]
- Show writings in [state]
- Show writings in [date]
- Show writings for [user] in [state] in [date]

25.9.6 Click **Insert Text** to insert text at cursor in **Deficient Practice Statement** or **Findings** field.

25.9.7 Click **Copy Text** to copy text to clipboard.

P. cmsgu_e2e_1_impl2 Aug 13, 2024 Hide Details

The facility failed to provide reasonable accommodations for residents' individual needs and preferences related to daily routines, dining choices, communication, and personal activities. This failure had the potential to negatively affect residents' quality of life, dignity, and right to make choices regarding their care and services.

9	All Content	This tab has a list of all content that has been made available by all users
10	Table Headers	Content in My Content and All Content can be filtered by the headers. Click the upward and downward arrows to filter by any of the selections: Tag, RegSet, Content Type, Last Modified, Description, or Status.
11	Add New	Click Add New to add new content.
12	Actions	Click the Actions drop-down menu next to any content under My Content to Edit, Insert, or Delete content. The Actions drop-down menu under All Content only can be inserted or viewed.
13	X	Click to close the Content Library window

*These fields appear when **Show Advanced Search** is selected.

25.10.2 Click **Add New** in the **Content Library** window to add a new piece of content. The **New Content** window opens. See *Figure 269, New Content Pop-up Window* and *Table 37, New Content Popup Detailed Callout*.

The screenshot shows the 'New Content' pop-up window. At the top left is a link '< Return to Content Library' (1). At the top right is a close button 'x' (12). The title 'New Content' is centered. Below the title are two dropdown menus: 'Provider Type' (2) with 'Home Health Agency' selected, and 'Survey Type' (3) with 'Health' selected. Below these are two more dropdowns: 'Regulation Set' (4) with 'Select one' selected, and 'Tags' (5) with 'Select one' selected. Below the 'Regulation Set' dropdown is a checkbox 'Publish Content' (6). Below the 'Tags' dropdown is a section 'Content for' (7) with two radio buttons: 'Findings' and 'Deficient Practice Statement'. Below these is a text area 'Description' (8). Below the text area is a rich text editor toolbar (9) with icons for undo, redo, bold, italic, underline, bulleted list, numbered list, decrease indent, increase indent, and link. At the bottom are two buttons: 'Save' (10) and 'Save and Insert' (11).

Figure 269: New Content Pop-up Window

Table 37: New Content Popup Detailed Callout

No.	Name	Description
1	Return to Content Library	Return to the Content Library window and cancel New Content .
2*	Provider Type	Select the provider type from the drop-down menu.
3*	Survey Type	Select the survey type from the drop-down menu.
4*	Regulation Set	The regulation associated with the citation automatically appears. Click the caret to select a different regulation set from the drop-down menu.
5*	Tag	The tag associated with the citation automatically appears. Click the caret to select a different tag from the drop-down menu.
6	Publish Content	Check this box when the content created can be publicly accessed. This content appears under All Content .
7	Content Category	Select Findings or Deficient Practice Statement .
8	Description	Type a description. This description is how the content can be found in the Content Library.
9	Text Box	The content goes here. It can be typed or pasted in the box.
10	Save	Click Save to save the content.
11	Save and Insert	Click to insert the information in the text box into the Deficient Practice Statement (DPS) or the Findings. Save and Insert saves any changes made to the content and inserts the content in the DPS or Citations Findings and closes the Content Library window.
12	X	Click to close the Content Library window.

*These fields are automatically generated but can be changed.

25.10.3 Insert, Edit, or Delete Information from the Content Library.

Note: Only content in **My Content** can be edited or deleted. Content from **All Content** can be viewed, inserted, or [duplicated](#).

- Open the Content Library.
- Click **Insert** under the **Actions** menu to insert existing content. See *Figure 270, Content Library: Insert, Edit, Delete*.
- Click **Edit** under the **Actions** menu to edit existing content.
- Click **Delete** under the **Actions** menu to delete existing content. A pop-up window opens and asks for confirmation to delete. Once deleted, the content is deleted from **My Content** and **All Content**.

Figure 270: Content Library: Insert, Edit, Delete

25.10.4 Duplicate existing content

Purpose: Use **Duplicate** when there is existing content in **All Content** that you would like to use, but that may need to be edited.

- Click the **All Content** tab and search for content.
- Select **View** from the **Actions** drop-down menu. See *Figure 271, View Drop-Down Menu*.

Figure 271: View Drop-Down Menu

- Click **Duplicate**. See *Figure 272, Duplicate*. The **Add New Content** window opens.

Figure 272: Duplicate

- Make any desired changes.

- e. Click **Save** to save the document to **My Content**. See *Figure 273, Edit Duplicated Content*.
- f. Click **Save and Insert** to save the documents to **My Content** and insert the content into the DPS or the Findings.

25.11 Add an Attachment

Note: Only one attachment can be added at a time.

25.11.1 Click **Attachments** on the left menu on either the **Citation Overview** or **Citations** page. The **Attachments** window opens. See *Figure 275, Attachments*.

The screenshot shows the 'Attachments' window with a yellow header. Below the header, it says 'Add attachments for this citation and add a file description below.' A red box highlights the 'Select File' button, with a red arrow pointing to it. Below this, a list of supported file formats is shown: PDF (.pdf), Word (.doc, .docx), Excel (.xls, .xlsx, .csv), Text files (.txt, .rtf), Image files (.jpeg, .jpg, .png, .tif, .tiff), Video files (.mp4, .mov, .wmv, .3gp), Audio files (.mp3, .aac, .wav, .wma), and Message files (.msg, .eml). Below the list, the 'Attachment name' is 'Findings for J. Doe.docx' with a 'Remove' link. The 'File Description' field contains 'Findings for J. Doe' and is highlighted with a red box. A red arrow points to the 'Save' button at the bottom. A red arrow also points to the 'Optional: Type file description' text. The character count '19/255 characters' is shown below the description field.

Figure 275: Attachments

25.11.2 Click **Select File**. The Windows Explorer window pops up. For Mac users, the Finder window pops up.

25.11.3 Select the file to be attached. Click **Open**. The file is attached and ready to be saved.

25.11.4 Type a file description in the **File Description** field, if desired.

25.11.5 Click **Save**. The file is attached to the Citation.

25.12 Conditions to Lock a Citation

The following conditions must be met to lock a citation:

- Refer to the [Immediate Jeopardy section](#) for locking citations with IJ
- All citation statuses are marked **Writing Complete**
- The survey has a start date and an exit date
- At least one survey extent (i.e., **Standard**, **Abbreviated**, or **Other**) is selected

Notes:

- The **Citations ready to be locked** notification banner appears when all citation writing has been marked complete.
- Unlock the citation to add a new citation or edit a locked citation.

25.13 Lock/Unlock a Citation

25.13.1 Click **Lock Citations** on the Citations page. See *Figure 276, Citations Ready to be Locked*. The **Survey Extents** popup opens.

Figure 276: Citations Ready to be Locked

25.13.2 Click **View Survey Extents** to review or edit survey extents. See *Figure 277, Survey Extents Popup*.

Figure 277: Survey Extents Popup

25.13.3 Click **Continue**, to lock citations. The **Lock Citations** popup opens. See *Figure 278, Lock Citations*.

Figure 278: Lock Citations

25.13.4 Click **Lock** to lock citations. The **Citations** window opens and citations are locked.

25.13.5 Click **Unlock Citations** on the **Citations** window to unlock citations. See *Figure 279, Unlock Citations Pop-Up Window*. The **Unlock Citations** popup opens.

Note: A citation cannot be unlocked once a Revisit Survey has been started.

Figure 279: Unlock Citations Pop-Up Window

25.13.6 Click **Unlock Citations**. The **Citations** window opens, and citations are unlocked.

25.14 Merge Citation Findings

Note: Only the TC can merge citations.

25.14.1 Go to **Citations**. Verify that the **Citation Status** is **Ready for Merge**. See *Figure 280, Ready for Merge*.

Citation ID	Regulation	Tag Type	Citation Status	Authors	Actions
E0000 Initial Comments	Emergency Preparedness (FED - E - 1.01)	Memo	Writing Complete	Pat test2.SA.Andrea.Florida	Actions
E0001 Establishment of the Emergency Program (EP)	Emergency Preparedness (FED - E - 1.01)	Condition	Ready for Merge	- Pat test2.SA.Andrea.Florida - Pat test2.SA.Annie.Florida2	Actions - View/Merge Findings - Add Findings - Delete Citation
E0002	Emergency Preparedness (FED	Condition		Pat	Actions

Figure 280: Ready for Merge

25.14.2 Click **View/Merge Findings** on the drop-down menu under **Actions**. The **Findings** window opens. See *Figure 281, Findings*.

Note: Click arrows next to findings to rearrange the order of the findings. Once findings are merged, the order cannot be changed.

Figure 281: Findings

25.14.3 Click **Merge Findings**. The **Merge Findings** pop-up window opens. See *Figure 282, Merge*.

Figure 282: Merge

25.14.4 Click **Merge**. The **Findings** window opens with the merged findings. See *Figure 283, Ready for Merge*.

Figure 283: Ready for Merge

25.14.5 Update or edit findings, if desired. See *Figure 284, Findings*.

25.14.5.1 Click **Edit Findings** to edit the findings. The **Citations Findings Status** automatically changes to **In Progress**.

25.14.5.2 Click **Save Status** to save the edits. The **Citation Status** on the top menu is updated to **In Progress**.

25.14.6 Click **Save**.

Notes:

- View **Merged Findings** under **Citation Findings**. Click **Show Original Findings** and the original findings open. Click **Hide Original Findings** to hide original findings.
- Only a TC or a QA Teams member can delete a merged citation.
- A merged citation can be edited to remove one of the merged citations.

Figure 284: Findings

25.15 Create a Revisit Survey

Notes:

- A revisit is required when there are federal condition level deficiencies.
- A revisit is recommended when there are federal standard level deficiencies or state licensure deficiencies.
- At least one citation with a scope/severity level of **D** or higher
- The revisit can be set to **Not Required** on the [Plan of Correction](#) for any non-condition level citations to override the revisit recommendation for standard or licensure deficiencies. The revisit survey is then updated so that the citations that are marked **No Revisit Needed** in the original survey do not carry over to the revisit survey.
- **No Revisit Needed** cannot be unchecked for federal standard level deficiencies associated with condition level citations that remain open.
- A follow up visit can be scheduled as necessary until all deficiencies are corrected.
- Confirm the following before creating a revisit survey:
 - All citations and findings have been added
 - The survey has an exit date
 - Citations are locked
 - The Plan of Correction (POC) information is complete
- Once a revisit survey is created, it cannot be deleted. Contact the [iQIES Service Center](#) for help, if necessary.
- If carried-over citations have been corrected during the follow up visit, go to the [Plan of Correction](#) on the revisit survey and add the corrected dates.
- A revisit may not be necessary for all citations. Review [Create a Revisit Survey for Specific Citations](#) for what to do when all citations do not need to have a revisit survey created.
- All revisits can be seen back to the previous survey. See [View Older Revisit Surveys](#).
- Not all user roles have view and edit access to FMS revisit surveys. See [User Roles Matrix](#) for details.

25.15.1 Click **Survey action** on the gray survey bar and select **Create Revisit** from the drop-down menu. See *Figure 285, Create Revisit Drop-Down Menu*. The **Basic Information** page opens.

Figure 285: Create Revisit Drop-Down Menu

Note: When citations are issued, a notification message appears in **Citations** and states: **A revisit is required for this survey.** A link to create a revisit survey is in the notification.

25.15.2 Update the page as necessary. Be sure to click **Save Basic Information**.

25.16 Create a Revisit Survey for Specific Citations

Purpose: To create a revisit survey for some, but not all, of the citations on a survey.

Notes:

- Once a revisit survey is created, it cannot be deleted. Contact the [iQIES Service Center](#) for help, if necessary.
- All federal citations in the survey are carried over to the revisit survey when a survey contains federal citations with condition-level tags. When this happens, all the **Needs Revisit** checkboxes are checked and disabled (grayed out).
- Once a revisit survey is created, all the **Needs Revisit** checkboxes in the survey prior to the revisit survey are disabled and cannot be edited.

25.16.1 Go to the **Plan of Correction** page and scroll to **Corrective Actions**.

25.16.2 Each citation has a **Needs Revisit** column. See *Figure 286, Needs Revisit Column*.

Note: The default response to **Needs Revisit** is **Yes**.

Figure 290: Revisits Linked in Corrective Actions

26. Immediate Jeopardy

Purpose: IJ is a situation in which the provider's noncompliance with one or more requirements of participation has caused or is likely to cause serious injury, harm, impairment, or death to a patient. Refer to the [Immediate Jeopardy Job Aid](#) for detailed information, including the IJ workflow.

Note: See also [Add Immediate Jeopardy](#) button to add IJ in the RBS.

26.1 Add IJ to a citation.

26.1.1 Add a citation. See [Citations](#) for more details.

26.1.2 Click the Scope/Severity grid. See *Figure 291, Add IJ to a Citation*.

Add IJ to a Citation

The screenshot shows the 'Add Citations' interface. At the top, there is a search bar with the text 'violation' and a placeholder 'Search by citation tag number, title, or keyword'. Below the search bar, it says '15 Citations'. The main list of citations includes:

- F0610 - Investigate/Prevent/Correct Alleged Violations** (Requirement) - LONG TERM CARE FACILITIES (FED - F - 20.00)
- F0895 - Compliance and Ethics Program** (Requirement) - LONG TERM CARE FACILITIES (FED - F - 20.00) - Past Noncompliance checkbox is unchecked.
- F0585 - Grievances** (Requirement) - LONG TERM CARE FACILITIES (FED - F - 20.00) - Past Noncompliance checkbox is unchecked.

The 'Severity and Scope Grid' modal is open, showing a 3x3 grid of options. The 'Scope' row contains J, K, and L. The 'Severity' row contains G, H, and I. The 'Add' button is highlighted with a red box, and a red arrow points from the 'J' option in the Scope row to the 'Add' button.

Figure 291: Add IJ to a Citation

26.1.3 Select **J**, **K**, or **L**.

26.1.4 Click **Add**.

26.1.5 Click **Save**. The **Citations** window opens.

Note: A Statement of Deficiency can be generated with IJ, but the date sent, and a revisit survey cannot be created. **Lock IJs** bypasses this requirement and allows the citations not associated with IJ to move forward. All other citations must be updated.

26.2 Update any citations not associated with IJ. See [Add Findings](#), if necessary.

26.3 Click **Lock IJs**. See *Figure 292, Lock IJs*. The **Lock IJ Citations** pop-up window opens.

Notes:

- The **Lock IJs** box highlights in solid red when all conditions have been met.
- All citations associated with the survey are locked. They can be unlocked once the SOD is generated with **Date Sent**.

Citations
Add and manage citations tags for this survey.

Buttons: Add Citation, Manage Survey Categories, Lock Citations, **Lock IJs**, Download IJ Template

Figure 292: Lock IJs

26.4 Click **Lock as IJ**. See *Figure 293, Lock IJ Citations Popup Window*. The **Citations** page opens, and a Statement of Deficiencies can now be generated with **Date Sent**.

Figure 293: Lock IJ Citations Popup Window

- 26.5 Click **Statement of Deficiencies** on the left menu. The **Statement of Deficiencies** page opens.
- 26.6 Click **Generate Form**.
- 26.7 Check the **CMS-2567 – Federal Statement of Deficiencies** box. The **Statement of Deficiencies** page expands to show additional fields. See *Figure 294, IJ Citation Checkbox*.

A screenshot of the 'Statement of Deficiencies' form. The left sidebar contains a menu with items: Basic Information, Responsible Staff, Manage Tasks, Teams, LTCSP, Survey Prep, Initial Pool, Investigation, Resources, Citations, Statement of Deficiencies (highlighted with a red box and a red arrow), ePOC, Informal Dispute Resolution, and Independent Informal. The main content area has a yellow header 'Statement of Deficiencies' and the instruction 'Select preferred options for Statement of Deficiencies form.' Below this, it says 'All required fields are marked with an asterisk (*)'. The 'Statement of Deficiencies *' section has two checkboxes: 'CMS-2567 - Federal Statement of Deficiencies' (checked and highlighted with a red box) and 'State Licensure Statement of Deficiencies'. The 'Federal Regulations' section has a checked checkbox for 'LONG TERM CARE FACILITIES (FED - F - 20.00)'. The 'IJ Survey' section has an unchecked checkbox for 'Include only IJ citations and memos' (highlighted with a red box). The 'Format Options' section has an unchecked checkbox for 'Include tag 9999'. At the bottom, there are 'Download Form' and 'Cancel' buttons, with a red arrow pointing to 'Download Form'.

Figure 294: IJ Citation Checkbox

26.8 Click the box next to **Include only IJ citations and memos** on the **Statement of Deficiencies** page. Only IJ citations are included on the SOD.

Notes:

- When an IJ citation is locked, an SOD can be generated with **Date Sent** when the non-IJ citation status is **Citation Status** is **Not Started**.
- An SOD can be created, but it cannot be generated with **Date Sent** prior to locking citations.

27. Statement of Deficiencies

Purpose: To issue CMS-2567 form when the survey or investigation identifies violations of federal regulations.

Note: Citations must be complete, merged, and locked before CMS-2567 is completed.

27.1 Create the CMS-2567 form.

27.1.1 Click **Statement of Deficiencies** on the left menu. The **Statement of Deficiencies** screen opens. See *Figure 295, Statement of Deficiencies*.

Note: **Edit** is not active for Statements of Deficiencies until the survey has an exit date.

The screenshot shows the 'Statement of Deficiencies' interface. On the left, a dark blue sidebar contains a menu with 'Statement of Deficiencies' selected. The main area has a yellow header with the title 'Statement of Deficiencies'. Below the header is a blue button labeled 'Generate Form'. Underneath is a table with three columns: 'Due to Provider', 'Date Sent', and 'Due Back from Provider'. Each column has a sub-header and a value of 'No information'. In the top right corner of the main area, there is an 'Edit' button with a help icon.

Figure 295: Statement of Deficiencies

27.1.2 Click **Generate Form**.

27.1.3 Check the **CMS-2567 – Federal Statement of Deficiencies** box. The **Statement of Deficiencies** page expands to show additional fields. See *Figure 296, Statement of Deficiencies: CMS-2567 Selection*.

Notes:

- The **LONG TERM CARE FACILITIES** checkbox is automatically checked.
- Review the [Immediate Jeopardy](#) section prior to checking the **Immediate Jeopardy** checkbox.

Figure 296: Statement of Deficiencies: Preferred Options

27.1.4 Click **Download Form**. The **Statement of Deficiencies** form downloads.

Notes:

- If the form does not show at the bottom of the screen, go to the **Downloads** folder on the computer.
- See [CMS-2567](#) example.

27.2 Edit the statement of deficiencies dates.

Note: The **Statement of Deficiencies** can only be edited when a survey has an exit date.

27.2.1 Click **Edit**. See *Figure 297, Statement of Deficiencies*.

Figure 297: Statement of Deficiencies

27.2.2 Type dates under **Date Sent** and **Due Back from Provider**, in a **MM/DD/YYYY** format. See *Figure 298, Statement of Deficiencies Edit Screen*.

Note: The **Due to Provider** date is automatically set to ten (10) days after the survey exit date once the citations are locked

Statement of Deficiencies

Generate the statement of deficiencies and enter the date sent once the form has been sent to the provider.

28. Informal Dispute Resolution

Purpose: To add or manage any informal dispute resolutions (IDR) in response to citations and to view the current survey citation status.

Notes:

- To create an IDR, the survey must have a status of **Statement of Deficiencies Sent**.
- Not all provider areas have an IDR.

28.1 Click **Survey action** on the gray status bar and select **Create Informal Dispute Resolution** from the drop-down menu. See *Figure 300, Create Informal Dispute Resolution Drop-Down Menu*. The **Informal Dispute Resolution** page opens.

29.3 Update the information.

Note: Click **Filters** to view IDR citation statuses by **None**, **IIDR Request**, **No Change**, **Citation Added** and **Citation Changed**. See *Figure 305, IIDR Citation Filter*.

The screenshot shows a web interface for filtering IDR citations. At the top, there is a button labeled "Filters" with a red arrow pointing to it. Below this, a yellow box contains the heading "Filters". Underneath, there is a section titled "IDR Status" which contains five checkboxes: "None", "IIDR Requested", "No Change", "Citation Added", and "Citation Changed". A red rectangle highlights this entire section. At the bottom of the filter box, there are two buttons: "Submit" and "Reset". A red arrow points to the "Submit" button.

Figure 305: IIDR Citation Filter

29.4 Click **Save Independent Informal Dispute Resolution**. The **Independent Informal Dispute Resolution** page updates.

30. Plan of Correction (POC)

Purpose: To identify steps that must be taken, and time required to comply with regulation.

Notes:

- For accepted POCs – Both the **Provider Sign-off Date (X6)** and the **Received Date** are required.
- For rejected POCs – New POCs can be entered until the status is **Accepted**. Only the most recent POC is available for viewing.
- Click **Edit** on the **Plan of Correction** page to make edits, if necessary.
- POC information is kept for the life of the survey.
- Citations must be locked before creating a POC.
- The **Due Date** is automatically populated to ten (10) days after the sent date as long as the Statement of Deficiencies **Date Sent** has been entered.

30.1 Plan of Correction

Note: Citations must be added and locked before a plan of correction can be added.

30.1.1 Click **Plan of Correction** on the left menu. The **Plan of Correction** screen opens. See *Figure 306, Plan of Correction*.

Plan of Correction

Add and manage the status and dates for the Plan of Correction (POC).

Figure 306: Plan of Correction

30.1.2 Fill out the information.

Notes:

- The **Provider Sign-off Date (X6)** and the **Received Date** are not required when the status is **Not Accepted**.
- The **Complete Date** can be any date. It is editable at any point.
- The **Corrected Date** can be any date prior to or equal to the **Exit Date** of the survey.

30.1.3 Click **Save**. The **Plan of Correction** page updates.

30.2 Waivers (Tag Level)

Notes:

- Waivers are for Life Safety Code surveys only.
- Only a CMSGU can change the decision on the waiver.
- Once a waiver has been requested by the SAGU, an automatic email notification is sent to the CMS Responsible Staff to notify CMS staff of the waiver request. If there is no CMS Responsible Staff, no email will be sent.
- After the waiver decision is made in iQIES by CMS, an automatic email is sent to the SAGU stating a waiver decision has been made. If there is no SAGU staff, no email will be sent.
- Be sure to have a CMS Responsible staff and a State Agency Responsible staff.
- A waiver cannot be added to a citation with the **Immediate Jeopardy** tag.
- A **Complete Date** is not required (field is disabled) when the citation has a Continuing Waiver.
- A **Complete Date** is required when the Citation has a **Temporary Waiver**.

30.2.1 Click **Edit All Actions** on the **Plan of Correction** page under **Corrective Actions** to update waiver details. See *Figure 307, Edit All Actions*. The editable waivers open.

The screenshot shows the 'Corrective Actions' section of a software interface. At the top right, there is a button labeled 'Edit All Actions' which is highlighted with a red rectangular box. Below this, there is a table with columns: Citation ID & Building ID, Severity/Scope, Complete Date, Corrected Date, Correction Status, and Needs Revisit. Two rows of data are visible, each representing a different citation. The first row is for citation K0223 - B1, 'Doors with Self-Closing Devices', with a severity of 'E'. The second row is for citation K0741 - B1, 'Smoking Regulations', with a severity of 'K'. Both rows show 'No information' for the Complete and Corrected dates, 'Not Corrected' for the Correction Status, and 'Yes' for Needs Revisit. A 'Waiver/FSES' section below each row shows 'No information'.

Citation ID & Building ID	Severity/Scope	Complete Date	Corrected Date	Correction Status	Needs Revisit
K0223 - B1 Doors with Self-Closing Devices	E	No information ⓘ	No information ⓘ	Not Corrected	Yes
K0741 - B1 Smoking Regulations	K	No information ⓘ	No information ⓘ	Not Corrected	Yes

Figure 307: Edit All Actions

30.2.2 Click the caret next to the **Citation ID & Building ID** on the **Plan of Correction** page under **Corrective Actions** to view waiver details. See *Figure 308, Citation ID & Building ID*.

Note: The waiver option is disabled when a citation is IJ or when the regulation letter is set to **E**. A citation is automatically designated as IJ when **J**, **K**, or **L** is selected.

Plan of Correction
Add and manage the status and dates for the Plan of Correction (POC)

[Save](#) [Cancel](#)

Figure 308: Citation ID & Building ID

30.2.3 Click the drop-down menu under **Waiver (Waiver/FSES** for waivers with an **FSES** tag) to change the waiver status.

Note: Disabled areas can only be updated by a CMS General User.

30.2.4 Select **Temporary**, **Continuing**, or **FSES** (only when FSES is present). Each status opens additional fields below. See *Figure 309, Temporary Status*.

Notes:

- **FSES** and **Temporary** statuses can be combined.
- There are two tabs to select when **FSES** and **Temporary** statuses are combined.

The screenshot displays the 'Temporary Status' form in the CMS iQIES Survey & Certification system. At the top, there are several tabs: 'Citation ID & Building ID' (K0223 - B1), 'Severity/Scope' (E), 'Complete Date (KS) *', 'Corrected Date' (No information), 'Correction Status' (Not Corrected), and 'Needs Revisit' (checked). Below these tabs is a 'Waiver/FSES' section with a dropdown menu showing 'Temporary' and 'FSES'. The 'Temporary' tab is selected, and it contains a 'Type' dropdown (Federal), 'Request Date *', 'Sent to CMS Date', 'Last Day In Effect', 'Decision' (Select one), and 'Decision Date'. A 'Building Waiver Detail' section with a rich text editor is also visible.

Figure 309: Temporary Status

30.2.5 Fill out information.

Note: Fields may vary or be disabled depending on the status chosen.

30.2.6 Click **Save**.

Note: A revisit survey can now be made for the LSC survey.

31. CMS-670

Purpose: To demonstrate how to add or manage time team members spent on the survey.

Notes:

- Only surveyors can enter CMS-670 information.
- QA team members can act on behalf of surveyors and have the same privileges as a team member does.
- CMS-670 can only be accessed from the survey record.

31.1 Add CMS-670 Time

- 31.1.1 Go to the survey record. For more information on searching for and accessing a survey, refer to the S&C User Manual, [Manage a Survey](#), on QTSO.
- 31.1.2 Click **CMS-670** on the left menu of the survey record to go to Time Entries. See *Figure 310, CMS-670*.

Figure 310: CMS-670

- 31.1.3 Click **Add Time Entry** to add time. The **Add Time Entry** window opens. See *Figure 311, Add Time Entry*.

Be sure to put a zero to the left of the digit for all time less than one hour.

Note: If you are a surveyor and need to enter time, ensure that you are on the survey team.

Save Entry **Cancel**

Figure 311: Add Time Entry

31.1.4 Fill out the information.

Notes:

- Fill out time in increments of .25. Time less than one (1) hour must have a zero to the left of the decimal point. For example, 30 minutes is written as **0.5**. Fifteen minutes is written as **0.25**.
- CMS-670 time entries cannot exceed the number of hours available in a day (for example, 8 AM to 6 PM)

31.1.5 Click **Save Entry**. Detailed combined time information is shown.

Note: The surveyor can view **My Time** or **Team's Time** on the **Time Entries** page.

31.1.6 Click **Edit** to edit information, if desired.

31.2 Edit or Delete CMS-670 Time

Notes:

- Hours can only be deleted by the surveyor who entered the time or the QA team member.
- If the QA team member or the surveyor is unavailable, any staff may be assigned as QA staff and edit or delete the time entry. Review the [Manage a Provider User Manual](#) for further information on how to add a QA team member.

31.2.1 Go to the survey record.

31.2.2 Click **CMS-670** on the left menu of the survey record to go to Time Entries.

31.2.3 Select the **Team's Time** tab to edit or delete time. See *Figure 312, Team's Time*.

Figure 312: Team's Time

31.2.4 Click **Edit** next to the surveyor whose time needs to be edited or deleted. See *Figure 313, Edit or Delete Surveyor's Time*. The **Edit Time Entry** page opens.

Figure 313: Edit or Delete Surveyor's Time

31.2.5 Update **Arrival/Departure Date** or **Time**. See *Figure 314, Edit Time Entry*.

Edit Time Entry

All required fields are marked with an asterisk (*)

Team Member
Select one

Survey Category
Initial Certification

Arrival Date * 04/08/2026
MM/DD/YYYY

Departure Date * 04/08/2026
MM/DD/YYYY

Fill in the number of hours using increments of .25.

Task	Time
SA Supervisory Review	0
SA Clerical/Data Entry	8

Note: If you are a surveyor and need to enter time, ensure that you are on the survey team.

Save Entry **Cancel** **Delete**

Figure 314: Edit Time Entry

31.2.6 Click **Save Entry**.

Notes:

- Repeat steps for as many time or date entries as needed.
- All time must be removed from the CMS-670 before a survey can be deleted.
- Hours can be added or deleted by the surveyor who entered the time or the QA team member. If the QA team member or the surveyor is unavailable, any staff may be assigned as QA staff and edit or delete the time entry. Refer to the [Manage a Survey User Manual](#) on QTSO for more information on assigning a new QA team member.

32. Letters, Notes, Attachments

Note: **Letters, Notes, and Attachments** information can be found in the S&C User Manual: **Letters, Notes, and Attachments** on [QTSO](#).

33. Survey Closed Status

Purpose: To close the survey once it is completed and all necessary corrections have been made.

33.1 Go to **Basic Information** page. Click **Edit**. The **Basic Information** page can now be edited.

33.2 Click **Closed** under Survey Status. See *Figure 315, Survey Status*.

The screenshot shows a 'Survey Status' form. At the top, there are two date fields: 'Start Date' with the value '09/23/2021' and 'Exit Date' with the value '10/04/2021'. Below these is a 'Survey Status' section with two radio buttons: 'Open' and 'Closed'. The 'Closed' radio button is selected and highlighted with a red box and a red arrow. At the bottom of the form, there are two buttons: 'Save Basic Information' (highlighted with a red box and a red arrow) and 'Cancel'.

Figure 315: Survey Status

Note: Be sure the **Exit Date** is completed.

33.3 Click **Save Basic Information**. The **Basic Information** page updates.

33.4 Verify that **Survey Status** is **Closed**.
